# STATE CONTROLLER'S OFFICE PERSONNEL AND PAYROLL SERVICES DIVISION

## Did You Know?
## Form W-2 Paperless Feature Now Available on Cal Employee Connect

The Cal Employee Connect (CEC) team is excited to announce the deployment of the new "W-2 Paperless Statement" feature. This new feature will allow employees to download current and previous years' Form W-2's using any internet-connected device.

Employees who "opt-in" will be able to view and download their next year's Form W-2 earlier than those who are still scheduled to receive their printed version in the mail.

Our "W-2 Paperless" option will help to reduce or minimize potentially higher future printing and mailing costs moving forward. In addition to these savings, the following benefits could also be realized:

- Eco-Friendly by reducing unnecessary paper usage;
- Minimize the potential for mail theft;
- Negate the time to request and receive a duplicate statement; and
- Expedite the scheduling and filing of Income Tax returns.

Once logged into your CEC account, the following prompt will appear providing the opportunity to opt-in to receiving a paperless Form W-2!

W-2 Paperless Enrollment

Need to download your W-2 Statement at any time?

Paperless W-2 Statement allows you to download from any internet-connected device:

- Your previous years' W-2 Statements
- Your next year's W-2 Statement at least two weeks before the printed version is mailed-out.

Go W-2 Paperless today!     Remind Me Later
