Reduction in Intra-Year Payment Deferrals in 2012-13

Government Code (GC) sections 16325.5 and 16326 authorize the deferral of specified payments due to potential shortage of cash available to the General Fund. In the event the Controller, Treasurer, and Director of Finance jointly determine there will be sufficient cash available to the General Fund, existing deferred payments may be paid earlier than scheduled, or future deferrals may be avoided.

On November 21, 2012, pursuant to paragraphs (c) and (d) of GC section 16325.5, the Controller, Treasurer, and the Director of Finance jointly determined there will be sufficient cash in the General Fund to make the following payments that had been deferred or are scheduled to be deferred:

Accelerate from January 2013 to December 2012 to make these deferred payments:

- K-12 schools (\$1.57 billion)
- California Community Colleges (\$150 million)
- Social Services Programs (\$142 million)

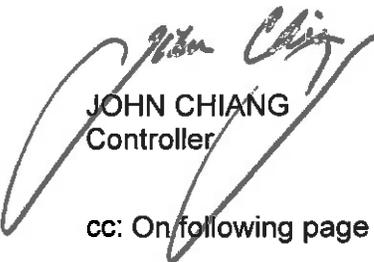

Will not proceed with these planned deferrals in March 2013:

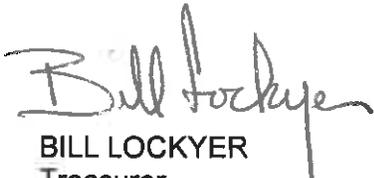

- K-12 schools (nearly \$800 million)
- Social Services Programs (\$142 million)

The Department of Education, California Community Colleges, and the Department of Social Services have been notified of the joint determination.

If you have any questions or need additional information, please contact one of our offices.

Sincerely,

JOHN CHIANG
Controller
