The SCO confirmed all new participating agencies were sent welcome letters.

   D. FPPC Form 700 – The SCO provided an update that all Commissioners have completed and filed the Fair Political Practices Commission (FPPC) annual Form 700 Statement of Economic Interests by the April 1st deadline.

Commissioner Campbell asked why some Special Districts, such as charter agencies may not be inclined to opt into the Act. Commissioner Clemens stated many charter agencies may not be separate entities. The SCO explained the law definition states Special Districts are separate entities, thus the SCO requires them to file annual Financial Transaction Reports.
5. Public Comment
Cathryn Hilliard thanked the Commission and the SCO for including a response letter from CIFAC in reference to Agenda Item 8b.

Commissioner David McCosker indicated FAQ 20 had a grammatical edit.

C. Secretary – No comment.

8. Committee Reports
A. Finalize FAQ Questions 9 and 25 – Chair Hicks asked the SCO to add a standing item on the agenda to allow the Commission to continuously update the FAQ’s, as needed.

The grammatical edit pointed out by Commissioner David McCosker will be corrected.

Commissioner Campbell mentioned “like work” as defined in FAQ 23 should be revised to include a better qualifying response by adding Public Contract Code (PCC) language.

The Commission noted that FAQ’s 24 and 25 were closely related. In discussing these, Commissioner Carreon elaborated on the definition of a “project” for school districts where projects must have separate drawings, specifications and different Division of State Architect (DSA) numbers assigned. Commissioner Campbell mentioned that at times a county board oversees other districts which are separate legal entities. Chair Hicks explained the contracting authority helps substantiate a project. Cathryn Hilliard stated that it depends who the owner of the project is. The owner funds the project, thus there is a designated code for each agency.

Commissioner Bernacchi explained that special districts solely contract for work separately (independently). The agency awarding the bid must opt into the Act. Anita Dagan asked to define special districts under the Act.

Commissioner Bernacchi left the meeting at 9:55am.

Commissioner Campbell motioned and Commissioner Hartwig seconded to approve FAQ questions 9 and 25. The motion passed 11-0.
Chair Hicks agreed to work with the SCO to clarify the FAQ’s discussed (23, 24, and 26) and bring these back for review by the Commission at the next meeting.

B. Draft letter to CIFAC and County of Ventura clarifying force account limit guidelines in relation to Job Order Contracts (JOC) – Chair invited CIFAC to speak. CIFAC advised that new projects must follow informal/formal bid procedures. The Attorney General opinion classifies project as new work. Commissioner Clemens asked CIFAC to assist in clarifying the issue in the method used by Ventura County. Ms. Hilliard explained Ventura County used new construction as part of JOC.

Commissioner Clifford suggested removing the third bullet from the Commission’s draft letter to CIFAC to address the concerns raised. Chair Hicks mentioned that in his conversation with SCO legal counsel, it was recognized that the issue of JOC is largely outside the scope of the Act. Chair Hicks recommended modifying the Commission’s response to CIFAC.

Commissioner Clifford recommended that the letter also be addressed to the Ellison/Gordian group. Anita Dagan agreed addressing the letter to both parties would be beneficial.

Commissioner Campbell motioned and Commissioner Carreon seconded to approve the removal of the bullet item and also address the Ellison/Gordian Group. The motion passed 11-0.

9. Commissioner Comments/Requests

None.

10. Old Business

A. Legislative Update – Commissioner Bernacchi provided an update in reference to Omnibus Senate Bill (SB) 184. He explained there are amendments incorporated into the bill which is scheduled for review by the Assembly Local Government Committee on July 1, 2015. Commissioner Bernacchi asked Commissioners and industry associations to write letters in support of SB184. Currently there are no known concerns or issues. The expected effective date if SB184 is passed into Legislation is January 1, 2016. Commissioner Clifford requested the address for mailing support letters.

B. Funding sources: Draft letter for grants and donations – The commission discussed ways to reach out to participating agencies of the Act and industry associations for funding the commission. The commission is aware some public participating agencies are unable to donate funds, but mentioned a bill could be sent for participation much like the CA Street Light Association does. The Commission reviewed possible language for agencies to consider a “voluntary administrative support cost or fee”.
