FOREWORD

The Uniform Public Construction Cost Accounting Act (Act), enacted in 1983 under Public Contract Code section 22000 et seq., allows local agencies to perform public project work of up to $60,000 with their own workforces if the agencies elect to follow the cost accounting procedures set forth in the *Cost Accounting Policies and Procedures Manual* by the California Uniform Construction Cost Accounting Commission.

Every five years, the California Uniform Construction Cost Accounting Commission reviews the informal bid limits for inflation and other factors to determine whether adjustments should be made. If an adjustment is made, the State Controller notifies the affected public agencies. The adjustment may become effective before it appears as a formal change in the Public Contract Code pursuant to Public Contract Code section 22020. The most recently posted bid limits can be found at [www.sco.ca.gov/ard_cuccac.html](http://www.sco.ca.gov/ard_cuccac.html) titled under [New Informal Bid Limit Increase (Pursuant to PCC 22032)](http://www.sco.ca.gov/ard_cuccac.html).

Any local agency can voluntarily elect to become a participating agency of the Act. Local agencies include cities, counties, redevelopment agencies, special districts, school districts, and community college districts. Participating agencies benefit from the raised force account limit and the informal bidding procedures. More projects are completed in a timely manner as a result of the streamlined awards process and the reduction in paperwork related to advertising and report filing.

CHAPTER 1 Information for Adoption and Implementation of the California Uniform Public Construction Cost Accounting Act

Instructions for Adoption and Implementation of the Uniform Construction Cost Accounting Procedures

1.01 Instructions for Adoption and Implementation of the Uniform Public Construction Cost Accounting Act (ACT) by Local Agencies

1) The Governing Board must elect by resolution to become subject to the uniform construction cost accounting procedures promulgated by the State Controller pursuant to the Public Contract Code section 22019. The resolution shall specify that the local agency will meet the requirements prescribed in the California Uniform Construction Cost Accounting Commission’s Cost Accounting Policies and Procedures Manual and state the effective date the agency will implement the accounting and bidding procedures.

2) The local agency must notify the State Controller in writing of the election to become subject to the uniform construction cost accounting procedures along with a copy of the resolution mailed to one of the following locations:

3) When a local agency elects to become subject to the uniform construction cost accounting procedures, the entire entity is considered subject to the Act and no departments will be exempt. However, Special Districts which are governed by a board of supervisors or city council are subject only if a separate election is made.

4) An informal bidding ordinance, or a board adopted policy equivalent to such as required by the participating agency, shall be enacted pursuant to Public Contract Code section 22034.

5) Once opting into the Act, participating agencies must always adhere to the terms of the Act until such time the agency formally opts out by resolution of its governing board. Having opted in, selective adherence to the terms of the Act is a violation.

6) The governing board may discontinue the agency’s participation under the uniform public construction cost accounting procedures by adopting a resolution stating this fact. A copy of the resolution shall be filed with the State Controller.
The State Controller shall notify the California Uniform Construction Cost Accounting Commission (Commission) of all local agencies electing to become subject to the uniform public construction cost accounting procedures. In addition, the Commission shall also be notified of local agencies electing to discontinue participation under these procedures.

1.02 Sample Election Resolution – Model

This sample Election Resolution may be used by any public agency’s governing body.

RESOLUTION OF THE __________________________, STATE OF CALIFORNIA IN THE MATTER OF UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING PROCEDURES

Resolution No. ____________

WHEREAS, prior to the passage of Assembly Bill No. 1666, Chapter 1054, Statutes of 1983, which added Chapter 2, commencing with Section 22000, to Part 3 of Division 2 of the Public Contract Code, existing law did not provide a uniform cost accounting standard for construction work performed or contracted by local public agencies; and

WHEREAS, Public Contract Code section 22000 et seq., the Uniform Public Construction Cost Accounting Act, establishes such a uniform cost accounting standard;

WHEREAS, the Commission established under the Act has developed uniform public construction cost accounting procedures for implementation by local public agencies in the performance of or in the contracting for construction of public projects; and

NOW, THEREFORE, BE IT RESOLVED that the ________________ of _________________, California, hereby elects under Public Contract Code section 22030 to become subject to the uniform public construction cost accounting procedures set forth in the Act and to the Commission’s policies and procedures manual and cost accounting review procedures, as they may each from time to time be amended, and directs that the ________________ - notify the State Controller forthwith of this election.

This Resolution shall take effect upon its adoption.

1.03 Sample Informal Bidding Ordinance

(This SAMPLE INFORMAL BIDDING ORDINANCE or POLICY indicates action by a county board of supervisors. However, the sample format shall be modified to conform to your governing agency’s rules).

ORDINANCE NO. _____________

AN ORDINANCE OF THE BOARD OF SUPERVISORS OF THE COUNTY OF _____________

ADDING SECTION _________ TO THE ORDINANCE CODE OF THE COUNTY OF _____________

TO PROVIDE INFORMAL BIDDING PROCEDURES UNDER THE UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING ACT (Section 22000, et seq. of the Public Contract Code)

The Board of Supervisors of the County of __________________ do ordain as follows:

SECTION 1

Section _______ is hereby added to the County Code of the County of _____________ to provide as follows:

Section ___________. Informal Bid Procedures. Public projects, as defined by the Act and in accordance with the limits listed in Section 22032 of the Public Contract Code, may be let to contract by informal procedures as set forth in Section 22032, et seq., of the Public Contract Code.

Section ___________. Contractors List. The agency shall comply with the requirements of Public Contract Code Section 22034.

Section ___________. Notice Inviting Informal Bids. Where a public project is to be performed which is subject to the provisions of this Ordinance, a notice inviting informal bids shall be circulated using one or both of the following alternatives:

1. Notices inviting informal bids may be mailed, faxes, or emailed to all contractors for the category of work to be bid, as shown on the list developed in accordance with Section __________.  
2. Notices inviting informal bids may be mailed to all construction trade journals as specified by the California Uniform Construction Cost Accounting Commission in accordance with section 22036 of the Public Contract Code. Additional contractors and/or construction trade journals may be notified at the discretion of the department/agency soliciting bids, provided however:

(1) If the product or service is proprietary in nature such that it can be obtained only from a certain contractor or contractors, the notice inviting informal bids may be sent exclusively to such contractor or contractors.

Section ___________. Award of Contracts

The County Purchasing Agent and the Director of Public Works are each authorized to award informal contracts pursuant to this Section.

SECTION 2

This Ordinance shall take effect and be in force thirty (30) days from the date of its passage, and before the expiration of fifteen (15) days after its passage, it or a summary of it, shall be published once, with the names of the members of the Board of Supervisors voting for and against the same in the _____________, a newspaper of general circulation published in the County of _____________.

Procedure for Establishment and Maintenance of List of Registered Contractors

1.04 Procedure for Establishment and Maintenance of List of Registered Contractors Per Section 22034 of the Public Contract Code

Section 22034 of the Public Contract Code specifies the requirements for mailing, faxing, or emailing notices to contractors for work to be bid under the Act. As specified therein, an agency shall provide notices by electing a), b) or both methods listed as follows:

a) In lieu of a contractors list, mailing, faxing, or emailing notices to all construction trade journals specified in section 22036

b) Mailing, faxing, or emailing notices to all contractors on the list established by the agency for the work being paid

c) Both (a) and (b) pursuant to section 22034(a)(1)

In the event an agency elects to provide notice by mailing, faxing, or emailing notices to all contractors on the list established by the agency for the work being bid, the agency shall utilize the following procedure to establish and maintain the list of registered contractors outlined in section 22034 (a)(1):

a) Notice to contractors shall be provided in accordance with either paragraph (1) or (2), or both.

1) The public agency shall maintain a list of qualified contractors, identified according to categories of work. Minimum criteria for development and maintenance of the contractors list shall be determined by the commission. All contractors on the list for the category of work being bid shall be mailed, faxed, or emailed a notice inviting informal bids unless the product or service is proprietary. All mailing of notices to contractors pursuant to this subdivision shall be completed not less than 10 calendar days before bids are due.

2) The public agency may elect to mail, fax, or email a notice inviting informal bids to all construction trade journals specified in section 22036.

b) The notice inviting informal bids shall describe the project in general terms and how to obtain more detailed information about the project, and state the time and place for the submission of bids.

c) The governing body of the public agency may delegate the authority to award informal contracts to the public works director, general manager, purchasing agent, or other appropriate person.

d) If all bids received are in excess of two hundred thousand dollars ($200,000), the governing body of the public agency may, by adoption of a resolution by a four-fifths vote, award the contract, at two hundred twelve thousand, five hundred dollars ($212,500) or less, to the lowest responsible bidder, if it determines the cost estimate of the public agency was reasonable.

(Amended by Stats. 2015, Ch. 269, Sec. 29. Effective January 1, 2016.)
1.04.01 Minimum Criteria for Development and Maintenance of the Contractors List Determined by the Commission, pursuant to Public Contract Code section 22034(a)(1)

1. At least once per calendar year, each public agency that has elected to become subject to the Uniform Public Construction Cost Accounting Act and intends to utilize the notice provisions outlined in section 22034(a) shall establish a new list or update its existing list of qualified contractors by mailing, faxing, or emailing written notice to all construction trade journals designated for that Agency under Section 22036. The notice shall invite all licensed contractors to submit the name of their firm to the Agency for inclusion on the Agency's list of qualified bidders.

2. The notice shall require that the contractor provide:
   - The name and address to which a Notice to Contractors or Proposal should be mailed, faxed, or emailed;
   - A phone number at which the contractor may be reached;
   - The type of work in which the contractor is interested and currently licensed to do (earthwork, pipelines, electrical, painting, general building, etc.);
   - The class of contractor's license(s) held; and
   - The contractor license number(s).

3. Agencies may include any contractor names they so desire on the lists, but lists must include, at minimum, all contractors who have properly provided the Agencies with the information required under #2 above in response to the written notice.

   The Commission recommends that Agencies automatically include in their contractors' lists the names of all contractors who submitted one or more valid bids to the Agencies.

4. A contractor may have his or her firm added to an Agency's contractors list at any time by providing the required information.

1.05 County-by-County List of Construction Trade Journals

The Commission shall determine, on a county-by-county basis, the appropriate construction trade journals which shall receive mailed, faxed, or emailed notice of all informal and formal construction contracts being bid for work within the specified county per section 22036 of the Public Contract Code.

Per Public Contract Code section 22037, notices inviting formal bids must be published at least 14 calendar days before the date of opening the bids in a newspaper of general circulation, printed and published in the jurisdiction of the public agency. In addition, the Commission has determined that all public agencies that adopt and contract under the Act shall be required to mail, email, or fax a notice to the following specified construction trade publications of all formal construction contracts being bid and all invitations to join an agency's qualified bidders list (i.e. the informal bidding list) within the specified county (as provided in sections 22034 and 22037 of the Public Contract Code). The numbers following the name of each county refer to the corresponding numbered trade journals listed starting on page 124.

Users will note that the notification of the trade journals listed in Column B for their county is required. Additionally, the user will have to notify at least two of the trade journals listed in Column C, unless there is only one listed, in which case notification of that trade journal is sufficient. The Commission urges each public agency to select additional publications from its geographical area and include them on its list of publications to be notified. Sample information to be included in the mailed notice to trade journals is listed on page 1311.

Note: Users are not required to mail a notice to a trade journal if the trade journal listed under their county is now charging for its services, or is out of business. Instead, the Commission requests that users find some other
A method of notifying potential contractors of published jobs and how to be added to their informal bidding lists (e.g., internet – county’s web page).

### 1.06 Sample Information for Mailed Notice

Following provides the type of information that could be included in the mailed notice to the construction trade journals. This list should be used only as a guide.

- Project title and contract number, if any
- Cost range
- Site location
- Who is taking bids/date and time due
- Owner's address and phone number
- Architect's address and phone number
- Brief description of work to be done
- Where plans may be obtained/deposit required/whether or not refundable
- Percentage of bid bond/percentage of performance bond/percentage of payment bond

### 1.07 List of Construction Trade Journals

The following organizations have indicated to the Commission that they:

a) Publish a newsletter or trade journal, on a weekly or more frequent basis, that contains a section listing projects being bid; or provide a telephone notice service to their members.
b) Do not charge for publishing or otherwise disseminating a Notice to Contractors.

These organizations have indicated to the Commission that they serve subscribers or members in the counties listed to the right of each organization.

Organizations that meet criteria (a) and (b) above may be added to the list, or changes or corrections can be made to the list by contacting one of the following:

Accounting Procedures Review Process

1.08 Accounting Procedures Review

A. Pursuant to the provisions of Public Contract Code (PCC) §22042, the Commission has adopted the following procedures for conducting an Accounting Procedures Review, where an interested party presents evidence that work undertaken by a public agency falls within any of the following categories:

1. It was performed by a public agency after rejection of all bids, claiming work can be done less expensively by the public agency.
2. It exceeded the force account limit.
3. It was improperly classified as maintenance.

B. As used in the Accounting Procedures Review, "interested party" shall mean: a licensed contractor eligible to bid on the public project involved in the review; a labor organization whose members would be eligible to perform work on the public project if it were performed under contract; an association of licensed contractors and/or labor organizations; or a taxpayer of the public agency cited in the account review request.

C. Request for Accounting Procedures Review

1. Pursuant to PCC §22043(a)(b), in those circumstances as set forth in PCC §22042(a)(b)(c), a request for Commission review shall be in writing. The request shall be sent via certified or registered postal mail, and received by the Commission and/or State Controller’s Office (SCO) staff. It should be postmarked no later than eight business days from the date on which the public agency rejected all bids (PCC §22042(a)) or from the date on which an interested party formally complains in writing to the public agency (PCC §22042(b)(c)).

2. The address for purposes of requesting Commission review is one of the following:

</tr>
</tbody>
</table>
9.3. Such written notice from an interested party shall include the following information:

(a) The name, address, phone number, and contact person for the interested party.
(b) An indication that work undertaken by the public agency falls within one of the following categories:
   (i) It was performed by a public agency after rejection of all bids, claiming work can be done less expensively by the public agency.
   (ii) It exceeded the force account limits.
   (iii) It was improperly classified as maintenance.
(c) The name, address, and phone number of the public agency involved.
(d) The project name and location, and/or project identification number.
(e) The bid date and rejection date, if applicable.
(f) The low bid dollar amount, if applicable.
(g) The agency estimate, if available.
(h) Other documentation supporting the request. If the requestor is unable to obtain information from the participating agency, the request should note the fact and include an explanation of the circumstances.

10.4. When the request is transmitted to the Commission for review, the interested party shall mail a copy of the request by first class mail, postage prepaid, to the public agency involved.

D. The Commission shall approve and designate in writing the consultants available to perform the Accounting Procedures Review, if needed. Such consultants shall be prequalified as follows:

1. They shall submit resumes including experience to the Commission for prequalification.
2. Each applicant shall have at least five years’ experience with, and be knowledgeable of, public works construction or accounting under contracts let by public agencies.
3. They shall submit their schedule of fees required to perform such service.

E. Immediately upon receipt of a request for Accounting Procedures Review, SCO staff will forward all documentation to the Chairperson. The Chairperson shall assign the request to a working group consisting of two or more Commissioners, not to constitute a quorum. Each working group must have both private and public representations. Any correspondence received by SCO staff during the review will be immediately forwarded to the Chairperson and the members of the working group.

1. The working group may contact either the interested party or the signatory agency involved for additional information. They may also request a statement of the public agency’s position regarding the claim being set forth. Participating agencies are required to cooperate with any account reviews pursuant to this Act. Agencies failing to cooperate fully, through either unwillingness or inability, may be found to be non-compliant.

2. If the work group deems it necessary, it may use SCO Audit Division staff or a consultant deemed qualified for the purpose of this review. The auditor or consultant will conduct a thorough review of the
facts surrounding the claim. This review may include any fieldwork deemed necessary by the auditor or consultant. The auditor or consultant shall interview the public agency involved, and submit as a part of the findings a complete statement of the public agency's position regarding the review being conducted.

3. The auditor or consultant, if involved, shall prepare written findings and a recommended decision within the timeframes established in PCC §22043.

4. The statutory limit to complete the account review begins on the day that the request is received by SCO. Incomplete review requests may affect the ability of the Commission to render a timely decision. Pursuant to PCC §22043(c), the commission review shall commence immediately and conclude within the following number of days from the receipt of the request for commission review:

   (a) Forty-five days for a review that falls within subdivision (a) of §22042; and
   (b) Ninety days for a review that falls within subdivision (b) or (c) of §22042.

   During the review of a project that falls within PCC §22042(a), the agency shall not proceed with the project until the final decision is received by the Commission.

F. The review will be added as an agenda item to be discussed by the Commission at a public meeting held within the timeframe established in PCC §22043. All documentation and correspondence received related to the review will be included. Any documentation and correspondence received after the agenda has been posted to the SCO website will immediately be forwarded to each Commission member and available for public review at the meeting.

G. The Commission shall review the findings of the work group and, if applicable, the auditor or consultant's report, and render its final decision within the timeframes established in PCC §22043. Within the timeframes established in PCC §22044, a copy of the decision shall be mailed by first class mail, postage prepaid, by SCO staff to the interested party and the public agency involved. A copy shall also be provided to each Commission member and included for information as part of the subsequent Commission meeting agenda.

H. Decisions on Accounting Procedures Reviews shall be collected and maintained by SCO staff, and shall be available for public inspection during regular working hours. Such decisions may be cited and relied upon by interested parties and public agencies in subsequent reviews.

I. If the Commission makes findings in accordance with PCC §22043, that the work undertaken by a public agency falls within any of the categories described in §22042, on three separate occasions within a 10-year term, the Commission shall notify the public agency of those findings in writing by certified mail. Public agencies that receive notice of findings on three separate occasions within a 10-year term shall not use the bidding procedures provided by this article for five years from the date of the Commission’s findings contained in the third notice within a 10-year term. For the purposes of these review procedures, one investigation resulting in a finding or findings shall equate to one occasion. These review procedures are based on current statutory law.

J. Changes to statutory law shall be reviewed and automatically adopted into these procedures as deemed appropriate.

Re: Request for Commission review of the practices used by Saugus Union School District on the Maintenance & Operations Building Renovation Project, pursuant to Public Contract Code Section 22042.5

Dear Chair Clemens,

This letter shall serve as a formal request for a Commission review pursuant to Section 22042.5 of the Public Contract Code listed below, concerning the Saugus Union School District.

22042.5. The commission shall review practices of any participating public agency where an interested party presents evidence that the public agency is not in compliance with Section 22034. We believe that they have violated the California Public Contract Code, Section 22034 by failing to bid the work associated with the Maintenance & Operations Building/Office Space Renovation Project. The project was split into multiple pieces and all contracts were negotiated under the bid threshold. The aggregate value of the work exceeds the bid threshold established by the Commission.

Agencies subject to the Act are required to follow the cost accounting procedures as contained in the Cost Accounting Policies and Procedures Manual. Section 3.01 of the manual states that “The Commission feels that all cost elements, including personnel, materials, supplies and subcontracts, equipment, and overhead associated with the project must be reported at the project level.” CIFAC believes that the work performed was interdependent upon each other, thereby constituting one project that should have been let to bid. Additionally, in determining whether construction work done under contract constitutes a public works construction project, both of the cases below consider the various components of building construction to be part of a “single integrated project”, “the complete integrated object,” i.e., the project as a whole and not on individual parts.

(Oxbow Carbon & Minerals, LLC v. Department of Industrial Relations (2011) 194 Cal.App.4th 538, 551. In order to determine whether a public works project is a single integrated project versus separate individual projects, which may not be subject to prevailing wage requirements, courts consider the “totality of the underlying facts.”

Attached is the supporting documentation.

- **Exhibit “A”**  
  Morelli reviewed the Saugus Union School District Board of Trustees agenda, of September 15, 2020 and noticed that the District awarded a $59,775 contract to K.M. Pate Construction for their Maintenance and Operations Building/Office Space Renovation Project on September 16, 2020.

- **Exhibit “A-2”**  
  Upon review, KM Pate’s Awarded Scope of Work/Proposal Indicates:
  - Drywall was to be left paint ready, as their Bid did not include painting. (item #20)
  - Existing concrete floor was to be left clean and ready to receive new flooring. (item #21)
  - KM Pate. “We will work and coordinate work with SUSD HVAC and Sprinkler contractors”. (item #22)

- **Exhibit “B”**  
  September 23, 2020, Morelli/CIFAC contacts District with concerns that the project could exceed the CUCCAA threshold and suggests that perhaps the District should bid out the project. The District responds on the same day and thanks Morelli for bringing this to their attention. Morelli hears nothing further from the District.
- **Exhibit “C”**
  December 15, 2020, Morelli/CIFAC sends a CPRA request for documents pertaining to the Maintenance & Operations Building/Office Renovation Project.

- **Exhibit “D”**
  December 16, 2020. Morelli receives a Zip File from District including documents pertaining to M&O project for:
  
  - **Exhibit “D-1”** KM Pate Construction (Remodel work) $59,775
  - **Exhibit “D-2”** Pyrotection Services (Fire alarm) $ 6,425
  - **Exhibit “D-3”** Apex Fire Protection (Fire sprinklers) $24,300
  - **Exhibit “D-4”** ACCO Eng. Systems (HVAC) $11,567
  - **Exhibit “D-5”** Floor Connection (Flooring) $11,489
  - **Exhibit “D-6”** T. Figg Casework (Cabinets, desk) $17,500
  - **Exhibit “D-7”** Prime Painting (Interior Painting) $14,475

- Morelli/CIFAC discovers that the District awarded a previous contract on July 21, 2020 to KM Pate Construction for the demolition portion of the M&O project for $12,000 and to Prime Painting on June 10, 2020 for $34,400 for the exterior painting of the M&O building.

- **Exhibit “E”**
  December 22, 2020 Morelli sends a second CPRA request to obtain documents pertaining to these two contracts. December 28, 2020, District Responds and provides documents for the KM Pate Demolition Award and contract for $12,000 (**Exhibit “E-2”**) and mistakenly re-sends the Prime Painting “interior” painting docs previously sent. Morelli/CIFAC reply informs the District, (Suki Huitink) of this mistake and clarifies what contract he is looking for. Assistant Superintendent Nick Heinlein, jumps into the email correspondence to clarify that the exterior painting is for a different building at a different location and not connected to the M&O recent remodel work CIFAC is currently reviewing. Morelli thanks Nick for the clarification and tells him to disregard his request for those documents.

- **Exhibit “F”** (Email correspondence)
  January 20, 2021, Morelli/CIFAC inquires if there is a General Plan or list of Specifications for the project and asks to see them. January 21, 2021, District replied, “We did a Design-Build for that area, there were no plans”
  January 22, 2021, Morelli inquires: Did KM Pate oversee all other trades work or just their own? District replied, “Just their own”

- **Exhibit “G”**
  February 18, 2021, Morelli/CIFAC makes a third CPRA request and asks to see invoices & payments for the four following contractors: Pyrotection Services, ACCO Engineering,
T. Figg Casework and Prime Painting, which were not available when CIFAC made their original CPRA request. February 23, 2021, District replies and provides the documents. *(The Additional docs were then included along with all corresponding documentation pertaining to each contractor in the appropriate Exhibit “D” 1 through 7 section)*

We have mailed a copy of our complaint to the Saugus Union School District and have attached a copy of that letter for your records.

Re: Saugus Union School District
District Office and Maintenance & Operations Building ("Sites")
Construction Industry Force Account Council’s ("CIFAC") Request for California Uniform Construction Cost Accounting Commission Review, pursuant to Public Contract Code Section 22042.5
Our file 7365.1120

Dear Chairperson Clemens:

The Saugus Union School District ("District") is in receipt of CIFAC's request, dated May 25, 2021, for the California Uniform Construction Cost Accounting Commission's ("Commission") review of the District's accounting procedures for the above-referenced Sites.

Public Contract Code sections 22042 and 22042.5 authorize the Commission to review the accounting procedures of any participating public agency where an interested party presents alleged evidence for the four following categories:

1. The participating agency performed work after rejection of all bids, claiming work can be done less expensively by the public agency (Section 22042(a));
2. The work exceeded the force account limit (Section 22042(b));
3. The work was improperly classified as maintenance (Section 22042(c)); or
4. The participating agency did not comply with the informal bidding procedures set forth under Public Contract Code section 22034 (Section 22042.5).

CIFAC incorrectly cites to Public Contract Code section 22042.5 asserting that the District did not comply with the informal bidding procedures, such as failing to advertise under the statute, delegating authority to award informal contracts, and handling bids over $200,000. None of these situations applies to the projects on the Sites.

Additionally, CIFAC primarily alleges that the District was bid splitting under Public Contract Code section 22033. CIFAC argues, “The project was split into multiple pieces and all contracts were negotiated under the bid threshold...CIFAC believes that the work performed was interdependent upon each other, thereby constituting one project that should have been let to bid.” The District disagrees as the various projects constituted different and separate scopes of work on the Sites. CIFAC’s letter refers to the Oxbow case where CIFAC attempts to erroneously and misleadingly emphasize that construction of a conveyor system was interdependent on the construction of the roof. (Oxbow Carbon & Minerals, LLC v. Department of Industrial Relations (2011) 194 Cal.App.4th 538). The Oxbow court found that since the construction of the lawful and functional coke receiving and storage facility was paid for in part by public funds, it was a “public” work, and the work performed under both the conveyor system contract and roof contract was subject to the prevailing wage law. (Id. at 551.) Here, there are no issues relating to whether the projects on the Sites were subject to prevailing wage law.

Similarly, CIFAC’s letter relies on the Cinema West case that also examined whether a movie theater and parking lot were considered a completed integrated project for purposes of determining whether prevailing wage law applied. (Cinema West, LLC v. Baker (2017) 13 Cal.App.5th 194). There, the movie theater and parking lot were considered part of a complete integrated object and constituted construction done under contract and a public work paid for in part with public funds and subject to prevailing wage law. In both Oxbow and Cinema West, the issue at hand was whether a project paid for in part by public funds was considered a public work subject to prevailing wage law under Labor Code section 1720. These cases do not provide any insight into the underlying claims made by CIFAC in requesting that the Commission review alleged bid splitting issues.

Moreover, the Commission’s California Uniform Public Construction Cost Accounting Act Frequently Asked Questions (“FAQs”) explain:

“Section 22033 states: It shall be unlawful to split or separate into smaller work orders or projects any project for the purpose of evading the provisions of this article requiring work to be done by contract after competitive bidding. Separating ‘like work’ would be permitted only if the total of all the ‘like work’ is less than $60,000. If the work is more than $60,000, it must be advertised and bid according to the provisions of the Act (i.e. bid informally if the total amount is less than $200,000; bid formally if the total amount exceeds $200,000).”
Here, the various scopes of work at the Sites do not constitute “like work” or one scope that was divided up in order to intentionally fall under the bid limit. Differing scopes of work, timelines, and products or brands, such as the interior demolition, carpet tile flooring, and furniture installation at the Sites, are not considered bid splitting. In short, the District did not split the projects at the Sites.

Moreover, please note that addressing alleged bid splitting issues, under Section 22033, does not fall under any of the four categories within the Commission’s scope of review pursuant to Public Contract Code sections 22042 and 22042.5. Accordingly, the District requests that the Commission remove CIFAC’s review request from the Commission’s July 29, 2021 meeting agenda and close the matter.

While the projects at the Sites are now completed, the District will nonetheless review its internal processes and work with legal counsel to determine if any steps are needed to strengthen its bond construction program and bidding procedures for future projects. We appreciate your time and attention to this matter.

Sincerely,

DANNIS WOLIVER KELLEY

Re: Saugus Union School District

Thank you for your response on behalf of Saugus Union School District (the “District”) regarding the Construction Industry Force Council’s (“CIFAC”) request for a California Uniform Construction Cost Accounting Commission (the “Commission”) review of the District’s accounting procedures.

Your response indicates that CIFAC’s allegations of bid splitting do not fall within the Commission’s scope of review. However, we believe the relevant issue as presented by CIFAC is whether the District complied with the informal bidding procedures as required by Public Contract Code section 22034. Such determination is subject to review under Section 22042.5. For this reason, the Commission declines the District’s request to remove the review from the Commission’s July 29, 2021 agenda at this time. The District will have an opportunity to provide additional input regarding its position at the Commission meeting. We look forward to hearing from you then.

Sincerely,

Will Clemens

Kathie,

In reviewing this project, I noticed that the District awarded the project under the provisions of the California Uniform Construction Cost Accounting Act (CUCCAA), PCC section 22032 (a) “Negotiated contract”.

There is nothing wrong with the District directly negotiating contracts, as long as the project’s costs do not exceed $60,000. This one was is on the bubble and was awarded for $59,775.00. I’m just wondering if it should have been informally bid?

Thanks for your response to my concern.

Re: Maintenance and Operations Building Improvements and Office Remodel

Mr. Heinlein and Ms. Rubenstein,

The Construction Industry Force Account Council (CIFAC) is a construction industry-supported organization dedicated to Public Contract Code compliance and education. We promote competitive bidding on public works construction projects by using a transparent and objective process.

CIFAC is concerned that your District may be out of compliance with the California Public Contract Code. This letter is to obtain clarification from you regarding our concerns. Please provide copies of the following documents or the legal authority under which you claim exemption:

1. Copies of contract(s) between SUSD and all contractors involved with the project including: General Building, Painting, Flooring, HVAC, Fire Sprinkler and any others.
2. Copies of all contractor(s) change orders
3. Copies of all invoices, submitted for payment by contractors
4. Copies of all payments made by SUSD to any/all contractors
5. Copies of any/all invoices for material(s) purchased and/or used by SUSD
6. Copies of all Labor costs (Time cards) for any portions of work performed by SUSD employees

We are requesting these documents per the California Public Records Act; Government Code 6250, et seq. and, therefore, will expect a reply by January 4, 2021. (I have provided additional days due to Holidays. Documents may also be sent electronically via email)

Thank you for your prompt reply to this letter. Please contact me if you have any questions.

NOTICE OF AWARD

Dated: September 30, 2020

To: Apex Fire Protection (Contractor)
    2155 Verdugo Blvd. #220
    Montrose, CA  91020

From: Governing Board ("Board") of Saugus Union School District ("District")

PROJECT: District Office - 1st Floor New M&O Area Fire Sprinklers, CONTRACT # 20-21-151

Contractor has been awarded the referenced Contract on September 30, 2020.

By action of the District's Board. The Contract Price is Twenty Four Thousand Three Hundred Dollars and 00/100 ($24,300.00).

You must comply with the following conditions within SEVEN (7) calendar days of the date of this Notice of Award.

MANDATORY REQUIREMENTS
The Contractor shall execute and submit the following documents by 4:00 p.m. of the SEVENTH (7th) calendar day following the date of the Notice of Award:

1. Performance Bond (100%): On the form provided in the Contract Documents and fully executed as indicated on the form.
2. Payment Bond (Contractor's Labor & Material Bond) (100%): On the form provided by the District and fully executed as indicated on the form.
3. Insurance Certificates and Endorsements as required (if not already submitted).

Failure to comply with these conditions within the time specified will entitle District to consider your bid abandoned, to annul this Notice of Award, and to declare your Bid Security forfeited, as well as any other rights the District may have against the Contractor.

After you comply with those conditions, District will return to you one fully signed counterpart of the Agreement.

AGREEMENT FOR CONSTRUCTION SERVICES

AGREEMENT NUMBER: Saugus Contract # 20-21-165

THIS CONTRACT is made and entered into this 30th day of September, 2020, by and between ACCO Engineered Systems ("Contractor") and Saugus Union School District ("District") ("Contract").

1. The Contractor shall furnish to the District for a total price of Eleven Thousand Five Hundred Sixty-Seven Dollars and No Cents ($11,567.00) ("Contract Price"), the following services ("Services" or "Work"): Provide all necessary labor and materials to complete the HVAC duct relocations/additions in the new M&O office area as outlined in the quote.

2. Contractor shall perform the Work at District Office, 24930 Avenue Stanford, Santa Clarita, CA 91355 ("Site"). The Project is the scope of Work performed at the Site.

5. Contractor agrees that if the Work is not completed within the Contract Time and/or pursuant to the completion schedule, construction schedule, or project milestones developed pursuant to provisions of the Contract, it is understood, acknowledged, and agreed that the District will suffer damage which is not capable of being calculated. Pursuant to Government Code section 53069.85, Contractor shall pay to the District, as fixed and liquidated damages for these incalculable damages, the sum of One Hundred Dollars and No Cents ($100.00) per day for each and every calendar day of delay beyond the Contract Time or beyond any completion schedule, construction schedule, or project milestones established pursuant to the Contract.

6. This Contract incorporates by this reference the Terms and Conditions attached hereto. Contractor, by executing this Contract, agrees to comply with all the Terms and Conditions.

[REMAINDER OF PAGE LEFT BLANK INTENTIONALLY]
7. This Contract incorporates by this reference the Contract Documents attached hereto. Contractor, by executing this Contract, agrees to comply with all obligations set forth in the Contract Documents. The Contract Documents include only the following documents, as indicated:

8. Contractor shall not commence the Work under this Contract until the Contractor has submitted and the District has approved the performance bond, payment (labor and material) bond, the certificate(s) and affidavit(s), and the endorsement(s) of insurance required under the Terms and Conditions and the District has issued a Notice to Proceed.

9. Payment for the Work shall be made in accordance with the Terms and Conditions.

10. The architect for the Project is N/A (“Architect”), the project manager on the Project is Peter Gaytan, Facilities Maintenance Manager (“Project Manager”), and the project inspector on the Project is n/a (“Project Inspector”). Contractor hereby acknowledges that the Architect, the Project Manager, the Project Inspector, and the Division of the State Architect have authority to approve and/or suspend Work if the Contractor’s Work does not comply with the requirements of the Contract Documents, Title 24 of the California Code of Regulations, and all applicable laws. No work shall be carried on except with the knowledge and under the inspection of said Project Inspector. Project Inspector shall have free access to any or all parts of work at any time. Contractor shall furnish Project Inspector reasonable opportunities for obtaining such information as may be necessary to keep Project Inspector fully informed respecting progress, manner of work, and character of materials. The Contractor shall be liable for any delay caused by its non-compliant Work or its failure to provide proper notification for inspection.

11. Inspection and acceptance of the Work shall be performed by n/a.
12. Any notice required or permitted to be given under this Contract shall be deemed to have been given, served, and received if given in writing and either personally delivered or deposited in the United States mail, registered or certified mail, postage prepaid, return receipt required, or sent by overnight delivery service, or facsimile or email, addressed as follows:

8. Contractor shall not commence the Work under this Contract until the Contractor has submitted and the District has approved the performance bond, payment (labor and material) bond, the certificate(s) and affidavit(s), and the endorsement(s) of insurance required under the Terms and Conditions and the District has issued a Notice to Proceed.

9. Payment for the Work shall be made in accordance with the Terms and Conditions.

10. The architect for the Project is N/A (“Architect”), the project manager on the Project is Peter Gaytan, Facilities Maintenance Manager (“Project Manager”), and the project inspector on the Project is N/A (“Project Inspector”). Contractor hereby acknowledges that the Architect, the Project Manager, the Project Inspector, and the Division of the State Architect have authority to approve and/or suspend Work if the Contractor’s Work does not comply with the requirements of the Contract Documents, Title 24 of the California Code of Regulations, and all applicable laws. No work shall be carried on except with the knowledge and under the inspection of said Project Inspector. Project Inspector shall have free access to any or all parts of work at any time. Contractor shall furnish Project Inspector reasonable opportunities for obtaining such information as may be necessary to keep Project inspector fully informed respecting progress, manner of work, and character of materials. The Contractor shall be liable for any delay caused by its non-compliant Work or its failure to provide proper notification for inspection.

11. Inspection and acceptance of the Work shall be performed by N/A.
12. Any notice required or permitted to be given under this Contract shall be deemed to have been given, served, and received if given in writing and either personally delivered or deposited in the United States mail, registered or certified mail, postage prepaid, return receipt required, or sent by overnight delivery service, or facsimile or email, addressed as follows:

Suki,

Thank you for providing the documents promptly. However regarding **Prime Painting Contractors**, the documents you attached are for the interior work (#20-21-220) I already have these. Thx.

I am looking specifically for documents related to the painting of the building’s stucco exterior and garage area. I believe it is reference # 19-20-615

Thank you!

Hello Anthony,

Just for clarity, that is a different building location. We are moving part of our M&O team to our District Office. We have another facility miles away that has been the only location of M&O and Transportation for many years. We did paint that building and that is the contract number that you're referring to, but the recent work is not related to that building. Different location, different project, different timeframe.

Hope that helps,

AGREEMENT FOR CONSTRUCTION SERVICES

By and Between

The Saugus Union School District

And

K.M. Pate Construction

For

DO - Downstairs New M&O Office Area Demolition Project

Dated July 21, 2020
AGREEMENT FOR CONSTRUCTION SERVICES

AGREEMENT NUMBER: Saugus Contract # 20-21-096

THIS CONTRACT is made and entered into this 21st day of July, 2020, by and between K.M. Pate Construction ("Contractor") and Saugus Union School District ("District") ("Contract").

1. The Contractor shall furnish to the District for a total price of Twelve Thousand Dollars and No Cents ($12,000.00) ("Contract Price"), the following services ("Services" or "Work"): Provide all labor and materials to complete the demolition and structural support installation as outlined in the quote.

2. Contractor shall perform the Work at District Office, 24930 Avenue Stanford, Santa Clarita, CA 91355 ("Site"). The Project is the scope of Work performed at the Site.

5. Contractor agrees that if the Work is not completed within the Contract Time and/or pursuant to the completion schedule, construction schedule, or project milestones developed pursuant to provisions of the Contract, it is understood, acknowledged, and agreed that the District will suffer damage which is not capable of being calculated. Pursuant to Government Code section 53069.85, Contractor shall pay to the District, as fixed and liquidated damages for these incalculable damages, the sum of One Hundred Dollars and No Cents (100) per day for each and every calendar day of delay beyond the Contract Time or beyond any completion schedule, construction schedule, or project milestones established pursuant to the Contract.

6. This Contract incorporates by this reference the Terms and Conditions attached hereto. Contractor, by executing this Contract, agrees to comply with all the Terms and Conditions.

[REMAINDER OF PAGE LEFT BLANK INTENTIONALLY]
7. This Contract incorporates by this reference the Contract Documents attached hereto. Contractor, by executing this Contract, agrees to comply with all obligations set forth in the Contract Documents. The Contract Documents include only the following documents, as indicated:

8. Contractor shall not commence the Work under this Contract until the Contractor has submitted and the District has approved the performance bond, payment (labor and material) bond, the certificate(s) and affidavit(s), and the endorsement(s) of insurance required under the Terms and Conditions and the District has issued a Notice to Proceed.

9. Payment for the Work shall be made in accordance with the Terms and Conditions.

10. The architect for the Project is N/A ("Architect"), the project manager on the Project is Peter Gaytan, Facilities Maintenance Manager ("Project Manager"), and the project inspector on the Project is N/A ("Project Inspector"). Contractor hereby acknowledges that the Architect, the Project Manager, the Project Inspector, and the Division of the State Architect have authority to approve and/or suspend Work if the Contractor’s Work does not comply with the requirements of the Contract Documents, Title 24 of the California Code of Regulations, and all applicable laws. No work shall be carried on except with the knowledge and under the inspection of said Project Inspector. Project Inspector shall have free access to any or all parts of work at any time. Contractor shall furnish Project Inspector reasonable opportunities for obtaining such information as may be necessary to keep Project Inspector fully informed respecting progress, manner of work, and character of materials. The Contractor shall be liable for any delay caused by its non-compliant Work or its failure to provide proper notification for inspection.

11. Inspection and acceptance of the Work shall be performed by N/A.
12. Any notice required or permitted to be given under this Contract shall be deemed to have been given, served, and received if given in writing and either personally delivered or deposited in the United States mail, registered or certified mail, postage prepaid, return receipt required, or sent by overnight delivery service, or facsimile or email, addressed as follows:

Any notice sent by overnight delivery service shall be effective the business day next following delivery to the overnight delivery service. Any notice given by mail shall be effective three (3) days after deposit in the United States mail.

13. Contractor shall guarantee all labor and material used in the performance of this Contract for a period of two (2) years from the date of the District’s written approval of the Work.

14. The District has contracted for use of Procore Construction Management Software (“Procore Software”) in connection with the Project (and other public projects undertaken by the District) at the District’s discretion. Notwithstanding anything to the contrary in this Agreement, the Contractor and all Contractor’s Sub Contractors shall use the District’s Procore Software account for purposes associated with the Project, including, without limitation, to upload Project information and to respond to RFI’s, change order requests, payment requests, etc. In order to authorize the Contractor’s and Contractor’s Sub Contractors representatives to use the District’s Procore Software account, the Contractor shall provide to the District the name and email address of each of the representatives who will be authorized to use such account, and the District will provide such information to Procore. The Contractor and each Contractor’s Sub Contractor shall designate representatives for purposes of the Procore Software who have knowledge and experience with respect to use of construction management software.

15. Each party has the full power and authority to enter into and perform this Contract, and the person signing this Contract on behalf of each party has been properly authority and empowered to enter into this Contract.

16. By signing this Contract, Contractor certifies, under penalty of perjury, that all the information provided in the Contract Documents is true, complete, and correct.

Introduction

The purpose of this Purchasing Manual is to assist all employees in the proper purchasing practices so as to be in full compliance with all California State Laws, Regulations, and Policies.

The Purchasing Manual is designed to achieve three (3) goals:

1. Compliance with the law and Board policy on purchasing;
2. Promote efficiency in purchasing practices; and
3. Achieve savings of money through proper purchasing practices

We ask you, the user of the purchasing system, to help achieve these goals through proper planning. Please allow yourself enough leeway between generating a purchase order and the actual date materials or services are needed. Please think of purchasing in terms of a whole year. What items and services do you need on an annual basis?

The key is to plan. Through proper planning, we can eliminate much of the frustration that is encountered in all public-school purchasing procedures.

This manual should be reviewed with administrators, teachers, office managers, and others who are involved in the purchasing process. It is imperative that everyone adhere to all purchasing laws and guidelines.

If you have any questions concerning the following guidelines, please do not hesitate to call the Purchasing Office at 661-294-5300 extension 5172.

Thank you
Mission Statement

Our mission is to assist in the acquisition of equipment, supplies, materials and services needed to ensure academic success throughout the District. In doing so, we strive to practice and educate our sites in the matters of Fiscal responsibility while providing the highest level of professional and timely service to all school and administrative sites at the lowest price possible, without sacrificing quality or service. We also seek to maintain a positive work environment for purchasing associates and co-workers.

Accomplishing Objectives

The objectives in the mission statement will be accomplished by:

• Maintaining a collaborative effort among buyers, suppliers and internal customers
• Complying with public contract code and other related regulations
• Listening to the concerns of our internal customers
• Being receptive to new ideas and purchasing concepts
• Educating internal customers about principles of effective purchasing practices and product standards

• Foster and promote ethical and legal trade practices
Purchasing Processes

Purchasing Policy

Saugus Union School District authorizes specific staff per site to utilize the Purchasing Program. While school and administrative sites initiate requisitions in the District’s Accounting System, the District’s order processing and financial system, a purchase order, properly numbered, authorized and signed by the Purchasing Office is the only document by which the District obligates itself to a vendor. The Business Office is the only entity authorized to sign and issue purchase orders. This policy is supported by California Education Code section 42632, which requires that school purchases have District approval prior to the receipt of goods and services. In order to conduct business with SUSD, the District recommends vendors familiarize themselves with all of the State of California’s applicable codes, rules and regulations that affect the acquisition of goods and services for school districts.

Before You Buy

Staff who submit purchase orders should have a rationale as to why the purchase is essential to the school/district.

- How students will learn or benefit from the purchase?
- What educational achievement or program may be linked to the purchase?
- How is the purchase of operational value to your school/office?
- Are the goods/services purchased useful for the long term rather than immediate need?
- Have inventories been checked to determine whether there is a real need for the purchase?
- Does the item need approval from the Safety Department?

The next step in acquiring goods or services is to define a detailed specification for use in the purchasing process. A specification may include any or all of the following:

- Quantity
- Model Numbers
- Color
- Training Requirements
- Maintenance Requirements
- Estimated Price or Total Cost and Unit of Measure
- Freight Charges
- Measurements

Finally, prior to generating a requisition, the requester shall ensure that funds are available for the purchase. If funds are not available in the appropriate budget line, the site/administrator shall submit a budget transfer request to the Business Office.

The Purchasing Office is available to assist in finding sources for goods and services. The office maintains a database of vendors that currently do business with the District. Additionally, many items are available through existing District or piggyback bids (from other districts or public entities) and California Multiple Award Schedule (CMAS) contracts that allow the District favorable terms, conditions and pricing.
Formal bids may require a lead time of up to three months before they are available for use (see Competitive Bid Summary for terms and conditions). While school sites and administrative offices initiate purchase requisitions, the Purchasing Office must review and execute the final purchase order.

Creating the Purchase Requisition

Requisitions are created using the District's Accounting System. A requisition must include the following information:

• Actual vendor in database

If vendor is not found please check with the Purchasing Office. If Vendor is not in database, you will not be able to create a requisition until a W-9 is on file.

• Requisition number that is created by the District's Accounting System

• Budget Account String

• “Ship to” location and code

• Requestor’s name: If your name is not available please put your name in the comments section

• Date materials or services are needed should be listed in the comments section

• Quantity and thorough description of materials or services being ordered

• Unit of measure

• Unit price

• Estimated freight/shipping charges if known and include in the comment section

Do not add freight as a line item. Instead, it will be added upon purchase order creation. If no freight/shipping amount is given, 10% of the total order will be added by the Purchasing Office

• Sales tax is automatically populated by the District's Accounting System

• Type of delivery: Will vendor deliver and set up? Who will unload, delivery staff or school/district staff? Include any other special delivery instructions. Maintenance and School Staff are prohibited from picking up orders from Vendors. All orders must be delivered to each School Site.

• Warranty Information

• Quote must be attached prior to sending requisition for approval

We have the capability to scan documents and attach them to the requisition. Scan into Peoplesoft any pertinent materials (quotes, contracts, etc.) associated with the purchase

After the approval process moves through the District’s Accounting System, the appropriate buyer will receive the requisition for final evaluation and approval. Upon approval, the Purchasing Office will print each purchase order and send to the site via email and/or District Mail. The site will then distribute to vendors, contractors, suppliers, consultants or service providers. A requisition alone does not obligate the District to a purchase. Once approved, it becomes a signed purchase order. This becomes the promise to pay for the vendor (as long as all conditions specified are met).
Unauthorized Purchases

In accordance with California Education Code section 42632, only authorized individuals appointed by the Governing Board may financially obligate the Saugus Union School District. The District requires issuance of a signed purchase order prior to a vendor providing services or materials, including Internet vendors. The Purchasing Office shall conduct or supervise all purchase transactions for the District. In the event that an unauthorized purchase is made, the following applies:

- Any purchases of supplies, equipment, or services by staff members, without a prior purchase order approved by the Purchasing Office, will not be paid using District funds
- Purchases made in the name of the District without an authorized purchase order shall be considered an obligation of the person making the purchase and not an obligation of the District. Deliveries of materials or services that are made without an approved purchase order or contract are made at the seller’s risk
- District staff members or employees are prohibited from signing contracts offered by a vendor

The power to execute contracts goes through the Board of Education. Contracts signed by unauthorized individuals shall be considered non-binding.

Blanket Purchase Orders

Blanket Purchase Orders blanket purchase orders are not encouraged, however, from time to time, it is necessary in the best interest of the school district. A blanket purchase order is defined as a specified amount to be paid to a particular vendor for a particular product, a specified variety of products, or services to be performed by the vendor when it is impossible to calculate the exact dollar amount of the expenditure. The requisition for a blanket purchase order must have:

- A “not to exceed” amount
- Valid dates (must be within the fiscal year, which runs July 1 through June 30)
- Names of employees who are authorized to sign for and/or pick up orders from vendors
- A full description of the materials being ordered

A signed packing list and/or signed District Receiving Form, by the employee receiving the goods, must be forwarded to the Accounts Payable Department, the first working day after the purchase is made or goods received. The blanket purchase order number must be indicated on all invoices and packing lists. If the receiving documents are delayed to Accounts Payable, then payments to vendors will be delayed. All sites will be allowed to have a blanket purchase order for: Office Depot, Staples, Amazon, School Specialty and Teachers Pay Teachers. Each site needs to decide the dollar amount of the blanket purchase order and which budget account string will be used for the entire school year. With prior notification to the Business Office, budget account string code changes may be done, if necessary.
Requesting Checks for Vendors

In rare circumstances, there may be a need to purchase supplies or equipment from vendors that will not accept a purchase order. This purchasing method is strongly discouraged unless there is absolutely no other choice due to the unique nature of the product. In these circumstances you must submit a requisition and a written notice from the vendor that they do not accept purchase orders. Upon completion, contact Purchasing Office.

Please follow the steps below:

- Obtain an exact written price quote and an invoice from the vendor
- Verbal quotes are not acceptable
- Original quotes are preferred over faxed copies, or an email detailing the specifics may be acceptable
- Complete the requisition and purchase order process in the District's Accounting System, including the reason for the request of an advanced check to the vendor
- Forward a copy of the purchase order to Accounts Payable

Commonly Used Object Codes

While there are dozens of object codes available for use (as part of the budget string), this section identifies some commonly used codes:

--4300 Materials and Supplies-Instructional
--4340 Tech Equipment (under $500)
--5800 Contract Services
--5815 Field Trips
--5800 Software Licenses and/or Downloads
--5850 Contract Services with Board Approval

The following object codes for equipment purchases require a fixed asset tag to be issued:

--4400 New Equipment Capitalized (unit prices from $500 to $4,999, w/tax)
--6400 New Equipment Capitalized (unit prices from $5,000 or greater)

The District’s Chart of Accounts contains a complete listing of each 30-digit budget account string.

Example:

Fund XX.X Resource XXXXX.X Goal XXXXX Function XXXXX Object Code XXXX Site/Location XXXXXXX
U.S., Interoffice, and Jet Mail

Planning is vital to ensure that we have the supplies, services, and equipment needed. Last minute purchases are discouraged and typically result from a lack of planning. When preparing purchase requisitions, please be aware of the timelines in which we distribute mail in the District:

- Outgoing District mail to each site is processed every afternoon by Warehouse personnel and delivered back to the District Office for distribution
- Any US Mail will be processed by the District Receptionist the following business day
- JET Mail to other Districts and/or LACOE will be picked up by the JET Driver the following business day

Surplus Property Disposal

It is not necessary to stockpile unused surplus equipment and/or supplies. The Purchasing Office is ready to assist you in the disposal or removal of these items. The District has contracted with vendors to put these items out for public auction. District sites should prepare the Obsolete/Surplus Goods Form, then send the form to the Fiscal Department, Attention: Purchasing, which schedules pick up of the equipment. Please make sure that the form is filled out completely. In order to obtain the highest possible value for our items, we need the exact count, model, serial, color, size, etc. Purchasing will process these forms and submit to the Board a request to approve the disposal/sale of the equipment. Subsequently, the equipment is removed from both the site and the district’s asset database.

Internet Purchasing Policy

With the advance of technology, Internet purchasing has become commonplace. Authorized purchasers may order from sites that will accept purchase orders. All procedures are the same as described in the “Creating a Purchase Requisition” section of this manual, with one addition:

- Please indicate in the body of the requisition, “Internet Order – Do Not Duplicate.”

NOTE:

Internet pricing is variable and what you see on sale today may not be the same price by the time the requisition goes through the approval process. You must confirm that the prices have not increased once the purchase order has been processed and returned to you as a Purchase Order. This is the responsibility of the purchaser. Each site is responsible for checking each shipment for damage and/or errors. Packing slips must be signed and dated when the goods have been received, scanned and sent to the Purchasing Office.

Amazon.com Ordering Policy

1. The Purchasing Office has access to an Amazon.com business corporate account. This is for last case scenario items that cannot be found from an approved vendor, or are deeply discounted. The discount has to be significantly lower to justify the purchase. Large purchases of books are not allowed. The District will not warranty any items purchased from Amazon. Prices using this account are locked for 7 days.
2. Digital downloads of books are not eligible in the corporate purchase program.

3. District established vendors will be considered first. If the Purchasing Office determines that there is no established vendor that can provide the requested item at a competitive total price, including freight and taxes, then the Amazon purchase will be permitted.

4. Ordering process:
   a) Prior to July 1, a requisition to create a blanket purchase order for Amazon.com should be done. Each site needs to decide the dollar amount of the blanket purchase order and which budget account string will be used for the entire school year. If necessary, with prior notification to the Business Office, budget account string code changes may be done.
   b) Site and/or department personnel will create a cart on Amazon.com. Each order must include the blanket purchase order number which is assigned for each site and/or department. Order may then be submitted.
   c) Site or Warehouse receives order and documentation of receipt is sent to Accounts Payable.
   d) Accounts Payable pays the invoice.

Software Orders

All software orders must be purchased through a Purchase Order, but only after obtaining approval from the Director of Technology. This will ensure compatibility with system hardware/operating systems.

Gift Cards

The award of gift cards (i.e.: iTunes, Visa, In-n-Out, etc.) or cash prizes using District funds, including Student Council funds, to employees, students and community members for any purpose is expressly prohibited.

Revolving Cash

Employee purchases for supplies that are not purchased via a Purchase Order, must first be approved by the Director of Fiscal Services. If an employee makes a purchase without prior approval, the request for reimbursement will be denied.

After administrative approval is granted, the employee completes a Revolving Cash Fund (Form 024M), attaches the original receipts and proof of payment. This form is then submitted to the Office Manager for coding. The Principal approves by signing the form and then forwards it, along with the original receipts, to the Business Office for budget approval and reimbursement. Once the form is approved, a requisition will be created and sent through the regular approval process to create a Purchase Order.

Reimbursement will not be made for items purchased with gift cards and/or certificates.

After approval process copies will be sent to the Office Manager and to the original purchaser, along with the payment.
Public Bid Processes

Bid Award is Based on Public Contract Code, the District awards bids to the “lowest qualified responsible bidder” defined as the lowest priced bidder who offers the best responses in quality, fitness, capacity and trustworthiness to the requirements of the proposed work. Such factors as delivery, time, quality, compatibility, references, experience, parts and service, freight costs, among others, influence an award to the lowest qualified responsible bidders. A “responsive” bid/proposal is one that conforms to the requirements of the statement of work, specification(s), solicitation, instructions and the District’s contractual terms and conditions and Public Contract Code. This would also include such factors as completeness of the quotation and bid forms, inclusion of references and attachments and completion of required responses. Informal quotes, bids or proposal for goods and/or services may be requested and received verbally and/or in writing by mail, e-mail and facsimile. Informal bids apply to purchases below the formal bid limits described herein.

Policy Guidelines for District Major Purchases and Public Bidding of Maintenance & Operations Projects:

1. If a project is less than $10,000, supplier can be sole sourced if the District has previous positive experience with the supplier. However, the project initiator has the option to obtain three proposals. The project will require approval according to current procedures.

2. If a project is greater than $10,000, but less than $60,000, the project initiator will obtain a minimum of three proposals. The Chief Business Official or the Superintendent may waive this requirement in an emergency.

3. Projects over $60,000 will be evaluated on a case-by-case basis to determine if they meet the $60,000 threshold for public works projects or the maintenance and equipment threshold of $92,600 (increased annually).

4. Public works projects $60,000 or over or public works projects over $92,600 will be subject to Board approval and the competitive bidding process. A Competitive Bidding Summary that describes the various bidding categories is attached for reference.

5. On all projects, the scope of work shall be clearly written in order to avoid change orders and the appearance of bid splitting. Part 3, Chapter 1, Article 3, Section 20116 of the CA Public Contract Code addresses the issue of separating projects into smaller segments to avoid competitive bidding.

Competitive Bidding Summary

PCC 20111(a). Public projects exceeding $92,600

• Purchase of equipment, materials or supplies

• Services, Non-construction

• Repairs and maintenance

Note: Projects in this category typically do not require a Notice to Proceed and Notice of Completion, since the purchase is facilitated by P.O. and no construction is conducted. The bid threshold is adjusted annually by the State Dept. of Education.

PCC 20111(b). Public projects (excluding maintenance) exceeding $60,000.

• Construction, reconstruction, erection, alteration, renovation, improvement, demolition and repairs involving facilities
