Office of the State Controller State-Mandated Costs Claiming Instructions No. 2014-05 Accounting for Local Revenue Realignments – Program No. 359 April 30, 2014 Revised October 1, 2024

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Accounting for Local Revenue Realignments program. SCO issues these claiming instructions subsequent to the Commission on State Mandates (CSM) adopting the program's Parameters and Guidelines (Ps & Gs). The <u>Ps & Gs</u> are an integral part of the claiming instructions and are located on CSM's website.

On September 27, 2013, CSM (formerly the State Board of Control) adopted a Statement of Decision finding that the test claim legislation imposed a partially reimbursable state-mandated program upon local agencies within the meaning of Article XIII B, section 6 of the California Constitution and GC section 17514.

## Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

#### **Eligible Claimants**

Any county or city and county, as defined in GC section 17515, that incurs increased costs as a result of this mandate, is eligible to claim for reimbursement, with the following exception:

Beginning fiscal year 2006-07, the Revenue and Taxation Code section 97.75 authorizes counties to charge cities fees in an amount sufficient to pay for the administrative costs of the two reimbursable activities – the Vehicle License Fund (VLF) Swap and the Triple Flip. Therefore, reimbursement for the VLF Swap and Triple Flip must end in fiscal year 2006-07 for all counties. However, the City and County of San Francisco is not relieved of any incurred costs by the operation of the fee authority provided to the counties. The City and County of San Francisco continues to be eligible for reimbursement during and after the fiscal year 2006-07 for the VLF Swap and the Triple Flip.

#### **Reimbursement Claim Deadline**

Pursuant to GC section 17560(a), annual reimbursement claims may be filed by **February 15** following the fiscal year in which costs were incurred. If the deadline falls on a weekend or holiday, claims are due the following business day. Claims filed after the deadline must be reduced by a late penalty. **Claims filed more than one year after the deadline will not be accepted.** 

# Penalty

## • Initial Reimbursement Claims

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561(d)(3).

# Annual Reimbursement Claims

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount, not to exceed \$10,000, pursuant to GC section 17568.

# Minimum Claim Cost

GC section 17564(a) states that no claim may be filed pursuant to sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

# **Reimbursement of Claims**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

# Audit of Costs

All claims submitted to SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the Ps & Gs adopted by CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by SCO as deemed necessary. Pursuant to GC section 17558.5(a), a reimbursement claim for actual costs filed by a claimant is subject to audit by SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later.

However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for SCO to initiate an audit will commence to run from the date of initial payment of the claim.

## **Record Retention**

All documentation to support actual costs claimed must be retained during the period subject to audit and made available to the SCO upon request. The period subject to audit is at a minimum, three years after the date that the actual reimbursement claim is filed or last amended, whichever is later, or, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, three years after the date of initial payment of the claim. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

## **Claim Submission**

Electronic submissions of the signed Form FAM-27, all other forms, and supporting documentation are accepted through an online file transfer protocol called the **Data Exchange Portal (DEP).** All information regarding <u>DEP</u> is available on the SCO's website.

If submitting via mail, submit the documents listed for electronic submission and include an additional copy of the Form FAM-27 to:
