## Introduction

Government Code (GC) section 12460 states:

The Controller shall submit an annual report to the Governor containing a statement of the funds of the state, its revenues, and the public expenditures during the preceding fiscal year. The annual report shall be known as the budgetary-legal basis annual report and prepared in a manner that will account for prior year adjustments, fund balances, encumbrances, deferred payroll\*, revenues, expenditures, and other components on the same basis as that of the applicable Governor's Budget and the applicable Budget Act, as determined by the Director of Finance in consultation with the Controller.

\*Senate Bill 83, Chapter 24, Statutes of 2019 repeals GC 12472.5 and 13302(d) that provided authority to defer payroll from June to July of the following year.

It is important that state agencies/departments provide accurate year-end financial reports to the State Controller's Office (SCO) to ensure that the *Budgetary/Legal Basis Annual Report* (BLBAR) reflects reliable financial information. SCO produces the *Year-End Financial Reports Procedure Manual* (Manual) to assist agencies/departments in preparing their reports.

The Manual contains general information for the fiscal year (FY) ending June 30, 2023, as well as specific details for preparing the reports required by SCO.

Agencies/Departments should consider the following information when filing the FY 2022-23 budgetary/legal basis year-end financial reports:

- **Delinquent Financial Reports**

SCO will post information about delinquent year-end financial reports on its website.

- **Certification Letter**

The Certification Letter accompanying the year-end financial reports must be signed by the officer responsible for fiscal administration. This person should be different from the preparer of the financial reports. SCO is accepting electronic signatures (digitally signed, electronic image signed, DocuSign, etc.) on Certification Letters.

- **Revised Year-End Financial Reports**

A revised and signed Certification Letter is required when submitting revised year-end financial reports.

### **Consolidated Report 7 and Report 8**

In addition to a separate set of year-end financial reports for each sub-fund, agencies/departments are required to submit a consolidated Report 7 and Report 8 for funds with multiple sub-funds.

## State Controller's Office Expectations for Agencies/Departments

### Reporting

- Read and comply with the Manual.
- Use reporting resources listed on the SCO website at: [https://www.sco.ca.gov/ard\\_reporting.html](https://www.sco.ca.gov/ard_reporting.html)
- Read and comply with the Department of Finance (DOF) Budget Letters and State Administrative Manual (SAM) sections pertaining to year-end financial reporting.
- Submit all year-end financial reports no later than the due dates listed in this Manual and Budget Letters. It is recommended that reports are submitted on a flow basis.
- Agencies/Departments that fail to submit timely year-end financial reports are subject to posting on the Budgetary/Legal Delinquent Reports list on the SCO website at: [https://www.sco.ca.gov/ard\\_bl\\_delinquent\\_reports.html](https://www.sco.ca.gov/ard_bl_delinquent_reports.html)  
Such agencies/departments may also be subject to withholding of any or all operating funds in accordance with [Government Code 12461.2](#).

### Communication

- Provide SCO with appropriate and current contact information to facilitate the communication process.
- Proactively work with SCO to resolve reporting problem(s) and/or issue(s) before the year-end financial reports are due.
- Clearly identify, document, and analyze any problems and/or issues and have a potential solution ready for discussion with SCO.
- Resolve problems or issues by providing SCO with requested information, in a timely manner.
- Note previous reporting errors and correct them before submitting year-end financial reports.
- Attend the SCO Open House to discuss with an SCO analyst how to minimize errors on year-end financial reports.

TBD*	Independently audited financial reports. If a final is not available by this date, submit a draft report.
TBD*	Final independently audited financial reports.

As a reminder, SCO highly recommends that agencies/departments submit their year-end financial reports by fund as soon as they are completed. This allows ample time for agencies/departments to send in revised and/or missing reports, if necessary, before the deadlines.

\* Please refer to applicable Year-End Financial Reports Information on the [GAAP Basis Reporting \(ca.gov\)](https://sco.ca.gov/gaap-basis-reporting) website.

## Delivery for Reports

### ELECTRONIC DELIVERY ONLY:

**Do not mail or hand deliver year-end financial reports to SCO.**

- SCO requires electronic submission for all year-end reports (digitally signed, electronic image signed, DocuSign, etc.); however, agencies/departments should retain copies of original documents (wet signature or electronic copy) for their audit and record keeping purposes.
- Starting in FY 2022-23 send all financial reporting packages with Summary of Year-End Reports Submitted worksheet or Summary of Year-End Reports Revision worksheet via an email to [BLFinRep@sco.ca.gov](mailto:BLFinRep@sco.ca.gov), and include the BU number, fund number(s), and reporting fiscal year on the subject line for **each email submission**. A Certification Letter is still required for each fund submitted.
- The size of the email must be less than 25MB to be able to pass through SCO security filter.
- Save all reports, except Excel reports, in PDF format before sending them to SCO. Please avoid scanning reports in a manner that results in blurry images. Please do not send in a format that SCO cannot open, for example, a password protected document.

All reports must be electronically received by SCO by 11:59pm on the day they are due.

## REMINDERS

- Label each report with the agency's/department's name and four-digit business unit /organization code as well as the fund name and fund number.
- Verify that all reports for all funds are submitted.
- If there are no amounts to report, note "no activity to report" next to the report title(s) on the Certification Letter. For Report 18, note "no capital assets to report" if there are no capital assets to report. A Report 18 is still required to be submitted if there is a beginning balance and no current year activity.
- **Do not** submit reports that have zero amounts or that are blank (except Material Variance Explanation Form) but note on the Certification Letter "no activity to report."
- Certification Letter must be signed. SCO accepts all forms of electronic signature (digitally signed, electronic image signed, DocuSign, etc.).

## FI\$Cal Year-End Financial Reporting

The Financial Information System for California (FI\$Cal) Project is a business transformation project for state government in the areas of budgeting, accounting, procurement, and cash management. FI\$Cal will prepare the state systems and workforce to function in an integrated financial management system environment. To ensure the success of the project, the Partner Agencies have entered into a Memorandum of Understanding (MOU) signed by the State Controller, the State Treasurer, and the Directors of the Department of Finance and the Department of General Services. The MOU demonstrates support for the Project at the highest levels of these organizations and provides the framework for this project.

DOF will continue to provide year-end training for agencies/departments using FI\$Cal. Agencies/departments may contact DOF – Fiscal Systems and Consulting Unit (FSCU) for guidance with accounting processes and policies including monthly reconciliations and year-end procedures at (916) 324-0385 or via email at: [FSCUHotline@dof.ca.gov](mailto:FSCUHotline@dof.ca.gov).

FI\$Cal agencies/departments may refer to the sample reports provided in this Manual for assistance in preparing their year-end financial reports.

Additional information on FI\$Cal resources is available at the links below:

# **Certification Letter**

## Certification Letter

List all reports required for the fund type (Governmental Cost Fund or Nongovernmental Cost Fund) on the Certification Letter, regardless of whether there was activity or not.

Submit a separate Certification Letter for each fund. Each Certification Letter must be signed electronically by the officer responsible for fiscal administration. This person should be different from the preparer of the year-end financial reports. A fund and multiple sub-funds can be included within one Certification Letter, but the reports submitted for each sub-fund must be listed on the Certification Letter. Requiring one Certification Letter per fund helps ensure that each agency's/department's year-end financial reports are accounted for.

All Certification Letters must include the following:

- Date
- Agency/department name
- Four-digit business unit /organization code
- Agency/department mailing address
- Names and email addresses of the agency/department Director and Chief of Accounting
- Name and number of the fund and any applicable sub-fund(s)
- List of required reports. If there is nothing to report, note "no activity to report" or "no capital assets to report" next to the applicable report titles on the Certification Letter
- Contact person name, phone number, and email address
- A certification statement signed by the officer responsible for fiscal administration.

**Note:** Organizational letterhead is recommended.

## Special Reports on the Certification Letter

Special reports include Reports 18, 19, and 22. These reports are listed under the heading Special Reports, below all other required reports on the Certification Letter.

### Reports 19 – One report is required per agency/department.

- Submit one electronic copy of Report 19 to SCO.
- Include the Statement of Capital Assets Group of Accounts, Report 19, in the General Fund set of reports. To help us locate this report, agencies/departments are required to indicate "submitted with General Fund" next to these subject reports, on every other fund's Certification Letter.
- If your agency/department does not submit reports for the General Fund, when submitting the General Fund, include copies of FI\$Cal Reports 19 in your agency's/department's main fund set of reports, and indicate on every other fund's Certification Letter which fund these two subject reports are submitted with. Doing so will ensure that your agency/department is credited for submitting these reports.
- If there are no capital assets to report on Report 19, list the reports on the General Fund's or main fund's Certification Letter under Special reports, as required, and indicate: Report 19 – No capital assets to report.

**Reports 18 and 22 – One of each report is required per fund.**

If there are **no capital assets** to report on Report 18, list the report on the Certification Letter under Special Reports, as required, and indicate:

**Report 18 – No capital assets to report**

If there is **no activity** to report on Report 22, list the report on the Certification Letter under Special Reports, as required, and indicate:

**Report 22 – No activity to report**

**Supplemental Forms on the Certification Letter**

Under the heading Supplemental Forms, list the Due To/From & Transfers In/Out Supplemental Form and the Material Variance Explanation Form (MVEF).

If there is no activity to report on the above forms, indicate “no activity to report” on the Certification Letter. However, the MVEF is still required per fund (not per sub-fund) even though there is no activity.

**FI\$Cal agencies do not need to submit a Due To/From Other Funds/Appropriation & Transfers In/Out Supplemental Form if the required information is included in Report 7 Subsidiaries on File.**

# **Governmental Cost Funds**

## Budgetary/Legal Basis Governmental Cost Funds

There are two main fund groups in the budgetary/legal basis: Governmental Cost Funds and Nongovernmental Cost Funds.

**Governmental Cost Funds** consist of those funds that receive revenues derived from taxes, licenses, and fees. Expenditures of these funds represent the cost of government. There are two major fund classifications in this group: the General Fund and Special Funds. The purpose of each fund classification is described below.

The **General Fund** is the main operating fund of the State, consisting of money that is not required by law to be deposited in any other fund.

**Special Funds** are used to account for resources that are legally restricted for particular functions or activities of government. The following are classified as special funds:

**General Fund Special Accounts** are legislatively created accounts within the General Fund to account for revenues that are restricted by law for specific purposes. The accounts are treated as special funds and are excluded from the General Fund for accounting and budgetary purposes.

**Feeder Funds** are the depositories for the collection of major taxes prior to clearance to the General Fund. The resources and obligations of these funds that apply to the General Fund as of June 30 are included in the Due From Other Funds section. Resources and obligations remaining in any of these funds represent collections that were not available to the General Fund on June 30.

**Transportation Funds** are used to account for revenues that are restricted by law to transportation and related public safety programs.

**Other Governmental Cost Funds** are used to account for other revenues that are restricted by law for specific purposes.

## Report of Accruals to Controller's Accounts (Report 1)

The Report of Accruals to Controller's Accounts (Report 1) is a system input document containing accrual transactions for amounts reflected in the agency/department records but not posted in the SCO cash basis accounts as of June 30. The accrual amounts are obtained from the Accrual Worksheet (Report 2), which provides agencies/departments with a uniform and systematic method of compiling the accruals.

A completed Report 2 is needed to prepare Report 1. Report 2 is the first report to be completed.

Report 1 also contains the encumbrances included in the accruals entered on this report. Follow the specific instructions for reporting encumbrances.

The amounts in Reports 1 and the Adjustments to Controller's Accounts (Report 3) are combined with the amounts from SCO cash basis accounts to produce the BLBAR.

**Beginning in FY 2021-22, agencies/departments are required to submit Report 1 electronically to SCO using the most current Excel Report 1 template available on the SCO website. Please do not use previous year's Excel Report 1 template, customize your own Report 1 template, or alter the SCO-provided template.** Even if account titles do not display completely, SCO analysts can still read them, and SCO systems can still pick up the information. This will enable SCO to accept journal entries without the need for manual key entry.

Report 1 Excel format consists of the following tabs:

- **Instructions:** This tab contains brief instructions for using the Report 1 Excel template, with less detail than is found in this Procedure Manual.
- **Report 1 GLs (571 A):** Designed to report accruals to asset and liability accounts. Commonly used GL account numbers are preprinted, and blank spaces are provided for any asset or liability accounts not preprinted.
- **Report 1 Detail (571 D):** Designed to report accruals to disbursement, reimbursement, transfer, and receipt accounts. There is no need to include accounts for which there are no encumbrances or accrual amounts.
- **Footnotes:** Use this tab to provide footnote explanations for any abnormal GL and detail account accruals.

As Report 1 is used as a system input document by SCO, it is important for the agency/department to carefully follow the instructions for this report. Properly completed reports will enable SCO to accept entries without any further adjustments.

**Note: Do not submit accruals for categories 94, 95, 96, and 98**

## General Instructions

- Submit an Excel file only. No need to submit PDF file if an Excel file is submitted.
- Prepare a separate report for each fund.
- Enter all amounts in dollars and cents.
- Leave the Amount column blank for accounts with zero balances. **Do not** enter zeros.
- Total debits must equal total credits for accruals and for encumbrances.
- Do not use dollar signs (\$).

## Specific Instructions

The instructions below are followed by an illustration of a completed Report 1 Excel format. Each numbered item in the following instructions references a corresponding numbered field in the illustration.

### **Report 1 GLs (571A)**

**1 June 30, 20XX / Version  
m.d.yy.x:**

This date is hard coded to the current year and cannot be changed on the agency/department side. The version number can be compared to the version number of the template posted on the SCO reporting website to ensure you are using the most current version. Please visit the SCO reporting website to obtain the most updated workbook each year.

**2 Check here for Revision:**

If you are preparing a revision, check this box. For a revision, only report the difference between the original, already processed Report 1 and the correct amounts and accounts. If a revision is needed, work with your SCO SGR analyst to confirm whether the original Report 1 has been processed. **NOTE: A Revised Certification Letter is required with every revision.**

**3 Agency Number:**

Enter the agency/department number.

**4 Agency Name:**

Enter the agency/department name.

**5 Fund Number:**

Enter the fund number.

**6 Fund Name:**

Enter the fund name.

**7 Name of Contact Person,  
Title:**

Enter the name and title of the person to contact with questions concerning this report.

**8 Telephone Number:**

Enter the contact person's telephone number.

- 9 Email Address:** Enter the contact person's email address.
- 10 Encumbrances Debit = Credit?:** If this field is red and reads FALSE, it means Report 1 encumbrance debits do not equal credits. If you have finished filling out both tabs of Report 1, check for mistyped amounts or missing D/C signs in the Encumbrance column.
- 11 Amount Debit = Credit?:** If this field is red and reads FALSE, it means Report 1 accrual debits do not equal credits. If you have finished filling out both tabs of Report 1, check for mistyped amounts or missing D/C signs in the Amount column.
- 12 Account:** GL account numbers for commonly used accounts are preprinted on tab Report 1 GLs (571A) worksheet. If the appropriate account number is not preprinted on this worksheet, enter the proper four-digit account number on this worksheet using the lowest level account numbers listed in the UCM. **Do not** enter a subsidiary number unless it is required.

Enter the four-digit **fund number** (FFFF) immediately following the GL account numbers listed below to identify the other fund involved in an interfund transaction.

1410.FFFF	Due From Other Funds
1730.FFFF	Prepayments to Other Funds or Appropriations
3114.FFFF	Due To Other Funds
5330.FFFF	Reserve for Prepaid Items (enter the same fund number as GL 1730)

For prepayments, see SAM section 10514 and 10517.

If the Due To/Due From is within the same fund, but different appropriations, enter the four-digit **business unit/organization code** (AAAA) of the agency/department involved in the transaction as the subsidiary number following the GL account numbers listed to identify the other agency/department involved in the inter-agency/department transaction. If the AAAA is your own agency/department, the amounts of these two accounts have to agree with each other.

1420.AAAA	Due From Other Appropriations
3115.AAAA	Due To Other Appropriations

Enter the four-digit GL accounts receivable code (XXXX) following the GL account numbers listed below to identify the related receivable.

**The code must be preceded by a "0."**

1390.0XXXX	Allowance for Uncollectible Accounts
1600.0XXXX	Provision for Deferred Receivables

**REMINDER:**

**The amount reported for either of the two GL accounts must not exceed the accrued amount of its related receivable.**

For all agencies/departments, the **unencumbered** amount of the Due From Other Funds GL 1410.FFFF must equal the related **unencumbered** amount of the Due To Other Funds GL 3114.FFFF from other agencies/departments. Agencies/Departments must coordinate related amounts reported to ensure the amounts are equal. Fill out the Due To/From & Transfers In/Out Supplemental Report to provide SCO with information identifying the business unit/organization code(s) and agency/department name(s) related to the Due To/From Other Funds/Appropriation & Transfers In/Out transactions submitted on Reports 1 and 3.

**If you submit the Report 7 Subsidiaries on File with due to/from & transfers in/out information, the Due To/From & Transfers In/Out Supplemental Report is not needed.**

**13 Amount:**

Post the total accruals from Report 2 to the appropriate GL accounts. Advance to Agency & Office Revolving Fund (GL 2125) and Permanent Cash Revolving Fund (GL 2710) should not be reported but reclassified to other accounts. Post Prepayments to GL 1730.0602 Architectural Revolving Fund (ARF) and GL 5330.0602 Reserve for ARF as listed on Report 2.

**Do not** enter the following prepayments to other funds in Report 1, as the SCO records already reflect these balances.

GL 1730.0666 Prepayments to Service Revolving Fund  
GL 1730.0512 Prepayments to State Compensation Insurance Fund

**14 D/C (Debit or Credit):**

Enter D when the amount in the Amount column is a debit and C when the amount is a credit.

**15 Encumbrances:**

Follow the guidelines on reporting encumbrances. Enter any encumbrance amounts that are included in the accruals reported in the Encumbrances column. **The encumbrance amount must not exceed the accrual.**

**Do not** report encumbrances to GL account 3020, Claims Filed.

**Do not** report accruals for GL accounts 5350 (Reserve for Encumbrances) and 6150 (Encumbrances).

If the accrual, less the encumbrance for accounts payable (GL 3010), is not a true accounts payable liability, it should be reclassified to the true liability GL accounts: 3114.FFFF, 3115.AAAA, 3220, and/or 3290, to avoid overstating accounts payable.

All accrued reimbursements that will fund the accrued encumbrances should remain in their respective asset accounts (GL1312, 1410.FFFF, 1510, and 1590).

**If the encumbrance for accounts payable (GL 3010) is equal to the accrual amount, and the amount is greater than \$1 million, include a footnote on Report 1 Footnotes tab indicating whether this is valid, and there are no true liabilities in accounts payable. Goods and services received but not paid as of June 30 should be accrued as actual expenditures and liabilities, not encumbrances.**

- 16 D/C (Debit or Credit):** Enter D when the encumbrance amount in the Encumbrances column is a debit and C when the amount is a credit. The encumbrance should have the same D or C sign as the corresponding accrued asset or liability.
- 17 Report 1 GLs (571 A) tab:** This worksheet is for entering asset and liability GL accounts. **Do not enter total line on this tab.**
- 18 Report 1 Detail (571 D) tab:** Click on this tab to go to 571D worksheet, for entering amounts in disbursement, receipt, reimbursement, and transfer accounts. **Do not enter total line on this tab.**

**Report 1 Detail (571D)**

- 19 June 30, 20XX / Version m.d.yy.x:** This date automatically flows through from the Report 1 GLs (571 A) tab.
- 20 Agency Number through Email Address:** All the information in this header portion automatically flows through to this tab from the Report 1 GLs (571A) tab.
- 21 Enc Debit = Credit?:** If this field is red and reads FALSE, it means Report 1 encumbrance debits do not equal credits. If you have finished filling out both tabs of Report 1, check for mistyped amounts or missing D/C signs in the Encumbrance column.
- 22 Amount Debit = Credit?:** If this field is red and reads FALSE, it means Report 1 accrual debits do not equal credits. If you have finished filling out both tabs of Report 1, check for mistyped amounts or missing D/C signs in the Amount column.
- 23 Appropriation and Revenue Account Titles:** Enter the title of each disbursement, reimbursement, transfer, or receipt account.
- 24 FY:** Enter the four-digit fiscal year corresponding to each disbursement, reimbursement, transfer, and receipt account.
- 25 M:** This column is for SCO use only.

- 26 REF/ITEM:** Enter the reference item corresponding to each disbursement, reimbursement, and transfer account.
- 27 CAT through TASK:** Enter the appropriate category, program, element, component, and/or task corresponding to each disbursement and reimbursement account. Do not post accruals to categories 94, 95, 96, or 98. The category 97 Office Revolving Fund accrual must match the June 30 SCO amount (opposite sign) so the balance nets to zero.
- 28 T:** Enter the appropriate letter, as shown below, to identify the account type.
- D – Disbursement Account  
F – Reimbursement or “Amount Payable From” Account  
T – Transfer to Other Funds Account  
R – Receipt Account
- 29 Source Fund:** Enter the source fund corresponding to each reimbursement account. The source fund consists of a four-digit fund number with a three-digit sub-fund number. If there is no sub-fund detail, the spaces following the four-digit fund number will be filled with zeros.
- 30 B:** Enter the block number (1, 2, or 3) if the account is blocked.
- 31 SCO:** Enter a zero (0).
- 32 Revenue/Object:** Enter the six-digit code for each receipt account.
- 33 Amount:** Post the net accruals from Report 2 to the appropriate disbursement, reimbursement, transfer, or receipt account.
- 34 D/C (Debit or Credit):** Enter D when the amount in the Amount and Encumbrance column is a debit and C when the amount is a credit.
- 35 Encumbrances:** Follow the guidelines for reporting encumbrances as outlined in this manual. Enter the amount of encumbrances included in the accrual for each appropriation item. Encumbrances must be posted to the proper detail account (e.g., category, program).
- The total encumbrances for each appropriation item must not exceed the total accrued liability account for that appropriation as shown on Report 2, except for an abatement, which requires a footnote on the Footnotes tab.
- If encumbrances are reported for a pass-through fund, include the corresponding receivable and reimbursement.

**36 Revenue/Object Code  
3FFFF0:**

Any receipt account where the first digit of the six-digit revenue code is 3, followed by a four-digit fund number, indicates that it is a Transfer-In from that fund number. Amounts in such receipt accounts must be included on the Due To/From & Transfers In/Out Supplemental Report, in GL 9811 Transfers In, with the four-digit fund number the amount was transferred from in the Subsidiary Fund column and the four-digit agency/department number the amount was transferred from in the Subsidiary Org column.

**37 Account Type T:**

This amount is a transfer out and must be reported on the Due To/From & Transfers In/Out Supplemental Report. Include the four-digit fund number the amount was transferred to in the Subsidiary Fund column and the four-digit agency/department number the amount was transferred to in the Subsidiary Org column.

## Reporting of Encumbrances

The California State Auditor has concluded that, in some instances, the Reserve for Encumbrances has been overstated. SCO has provided the following information to clarify how and when encumbrance accruals should be reported.

- Ensure all encumbrances and liabilities have been thoroughly reviewed for validity according to the criteria stated in the State Administrative Manual (SAM).

SAM section 8340 (Encumbrances) states that encumbrances are obligations of all or part of an appropriation. Outstanding encumbrances are the recognition of commitments related to unfulfilled purchase orders or outstanding contracts which will subsequently be recognized as expenditures when goods and services are received.

SAM section 8343 (Capital Outlay) states that agencies may encumber the estimated amounts of such expenditures (purchases of real property) by using Purchase Order/Estimate Change Request Form, STD. 96, as an internal accounting document. The amount encumbered must be related to the amount of goods or services that were ordered but not yet received as of June 30 of the reporting year.

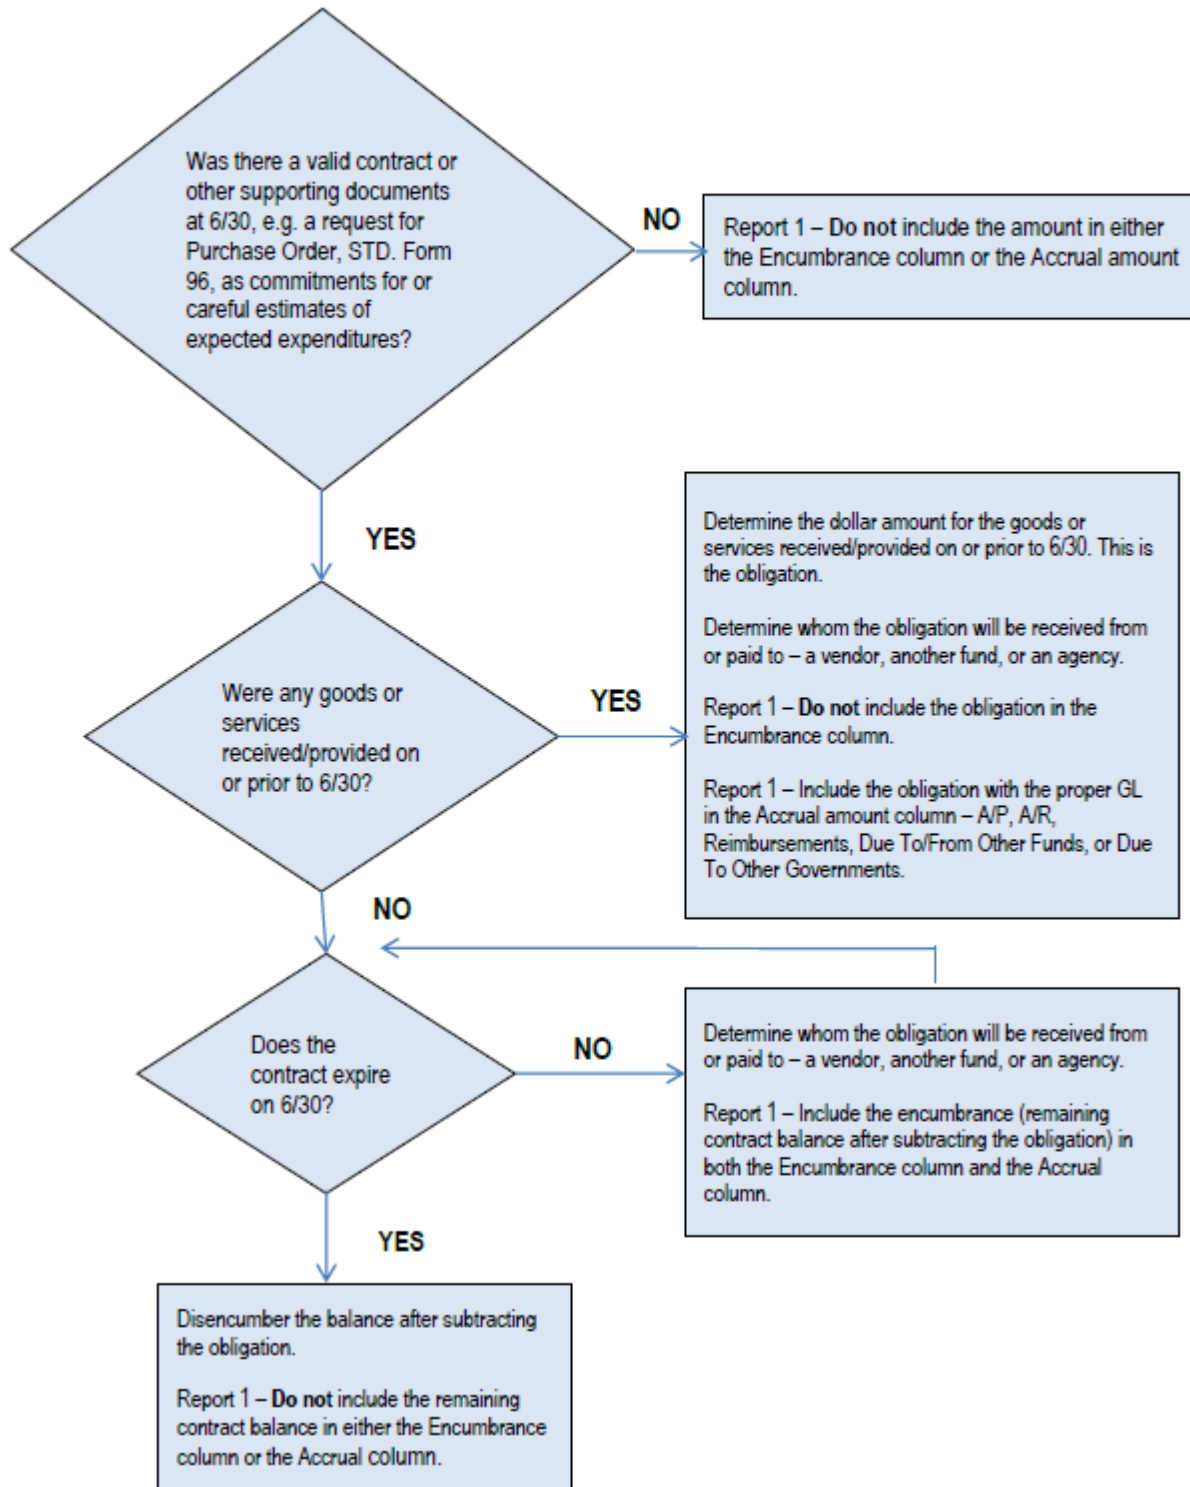

- If a contract expires on June 30 of the reporting year, accrue as a liability only those goods or services that have been received on or prior to June 30. Determine to whom the obligation will be paid and, if necessary, reclassify the obligation to the true liability GL account. **Do not** record obligations as encumbrances.

Encumbrances may be reported in one liability account, Accounts Payable GL 3010. The total encumbrances will be shown as a credit in the Encumbrances column for GL 3010 on Report 1. However, if agency/department automated accounting systems maintain separate liability accounts, agencies/departments may report the encumbrances in the applicable liability GL (e.g., due to).

- The amount encumbered may not exceed the amount accrued on any given liability line on Report 1.

An encumbrance flowchart, examples of encumbrance transactions, and a sample Report 1 are on the following pages.

Accruals less encumbrances = total expenditures (191,000 - 119,000 = 72,000).  
 The encumbrance total (119,000) is reclassified as *Reserve for Encumbrances* and shown as part of fund balance on the financial statements.

## Accrual Worksheet (Report 2)

The Accrual Worksheet (Report 2) provides agencies/departments with a uniform and systematic method of compiling year-end accruals. Accruals consist of the assets, liabilities, deferred credits, and the corresponding receipts and disbursements reflected in the agency's/department's records but not recorded in the SCO cash basis accounts as of June 30. For more information, see illustration of Report 2 on the following page and refer to SAM section 7953.

Report 2 is the supporting worksheet for Report 1, Report of Accruals to Controller's Accounts. Report 2 is the first report to be completed.

The amounts in the Net Total Accruals per Agency column, the column totals for the assets and liabilities, and the amounts in the Deferred Credits column are posted to the corresponding accounts on Report 1.

Amounts Due To and Due From the same fund and/or appropriations should be posted separately and not netted together.

SCO will refer to Report 2 to obtain additional information that may help resolve any Report 1 discrepancies.

**IMPORTANT NOTICE:** Prior to converting **Report 2** in PDF, please ensure that columns headers are repeated on top of any **Report 2** file having more than one page; so that account codes and titles appear on every page.

For more information regarding the use of program codes, go to the UCM on DOF's website:

## Adjustments to Controller's Accounts (Report 3)

The Adjustments to Controller's Accounts (Report 3) is a system input document containing the adjusting entries needed to correct any errors in the SCO cash basis accounts as of June 30. The adjustments on Report 3 are for year-end reporting purposes only. Agencies/departments are required to submit a transaction request to the SCO Bureau of Accounting and Consulting (BAC) to correct the SCO cash basis records on agency/department accounts.

All adjusting entries must be accompanied by an attachment (e.g., journal entry, transaction request, budget revision, etc.) explaining the reason for the adjustment. These entries must be submitted, approved, and posted by the SCO BAC before Report 3 will be processed for year-end reporting. Each entry on Report 3 must be identified by a number that references an explanation identified by the same number. This number should be placed to the on the Footnotes Tab.

**Beginning in FY 2021-22, agencies/departments are required to submit Report 3 electronically to SCO using the most current Excel Report 3 template available on the SCO website. Please do not use previous year's Report 3 template, customize your own Report 3 template, or alter the SCO-provided template.** Even if account titles do not display completely, SCO analysts can still read them, and SCO systems can still pick up the information. This will enable SCO to accept journal entries without the need for manual key entry.

Report 3 Excel format consists of the following tabs:

- **Instructions:** This tab contains brief instructions for using the Report 3 Excel template, with less detail than is found in this Procedure Manual.
- **Report 3 GLs (576A):** Designed to report adjustments to asset and liability accounts.
- **Report 3 Detail (576B):** Designed to report adjustments to disbursement, reimbursement, transfer, and receipt accounts.
- **Footnotes:** Use this tab to provide footnote explanations for any corrections and number the supporting documentation.

As Report 3 is used as a system input document by SCO, it is important for the agency/department to carefully follow the instructions for this report. Properly completed reports will enable SCO to accept entries without any further adjustments.

## General Instructions

- Prepare a separate report for each fund.
- Enter all amounts in dollars and cents.
- **Do not** use dollar signs (\$).

## Specific Instructions

The instructions below are followed by an illustration of a completed Report 3 Excel format. Each numbered item in the following instructions references a corresponding numbered field in the illustration.

### **Report 3 GLs (576A)**

**1 June 30, 20XX / Version  
m.d.yy.x:**

This date is hard coded to the current year and cannot be changed on the agency/department side. The version number can be compared to the version number of the template posted on the SCO reporting website to ensure you are using the most current version. Please visit the SCO reporting website to obtain the most updated workbook each year.

**2 Check here for Revision:**

If you are preparing a revision, check this box. For a revision, only report the difference between the original, already processed Report 3 and the correct amounts and accounts. If a revision is needed, work with your SCO SGR analyst to confirm whether the original Report 3 has been processed. **NOTE: A Revised Certification Letter is required with every revision.**

**3 Agency Number:**

Enter the agency/department number.

**4 Agency Name:**

Enter the agency/department name.

**5 Fund Number:**

## **Statement of Revenue (Report 4)**

The Statement of Revenue (Report 4) provides agencies/departments with a method of reconciling the total revenue on the agency/department records with the total revenue on the SCO records as of June 30.

Refer to SAM section 7956 for an illustration of Report 4. An example can be found on the following page.

Report 4 must include the following:

- Only current year revenues (GL8000, Source 1XXXXXX for Governmental Cost Funds and Source 2XXXXXX for Bond Funds), are reported on the Statement of Revenue. No other receipt sources are included on Report 4.
- A reconciliation of the total revenue per the agency's/department's records with the total revenue per the SCO records as of June 30. Revenue accruals reported on the Report of Accruals to Controller's Accounts (Report 1) and/or adjustments reported on the Adjustments to Controller's Accounts (Report 3) will be the reconciling factors.

The revenues per the agency's/department's records should agree with the revenues reported to DOF on schedule 10R for inclusion in the Governor's Budget.

SCO will refer to Report 4 to obtain additional information that may help resolve any Report 1 and/or 3 discrepancies.

## Final Reconciliation of Controller's Accounts with Final Budget Report/Agency Records (Report 5)

The Final Reconciliation of Controller's Accounts with Final Budget Report/Agency Records (Report 5) provides agencies/departments with a method of reconciling the agencies'/departments' appropriation balances with the SCO balances as of June 30.

The reconciling factors include the following:

- Expenditure accruals as reported on the Report of Accruals to Controller's Accounts (Report 1).
- Adjustments as reported on the Adjustments to Controller's Accounts (Report 3).
- Pending budget revisions, allocation orders, and/or executive orders.

After these amounts have been posted by SCO, the appropriation balances per the SCO records should agree with the appropriation balances per the agency/department records. Use a footnote to explain any differences between the agency/department and SCO records. The expenditures per the agency/department records should agree with the expenditures reported to DOF on Schedule 10 for inclusion in the Enacted Budget.

A computer generated form is available on the SCO website for each appropriation that exists in the SCO records as of June 30 at [https://www.sco.ca.gov/ard\\_reporting.html](https://www.sco.ca.gov/ard_reporting.html). Do not change any of the preprinted amounts on this form. Agencies/departments may create their own Report 5 (Form 573) for appropriations that were effective prior to July 1, but were not set up in the SCO records by June 30. The form must be in the same format as the SCO's computer generated forms.

SCO will refer to Report 5 to obtain additional information that may help resolve any Report 1 and/or 3 discrepancies.

### Supporting Documentation Required

Supporting documents are required for budget adjustments that increase or decrease appropriation balances as reflected on the Report 5. The supporting documentation (i.e., budget letters, allocation orders, executive orders, pending claim schedule, etc.) will allow SCO to confirm the validity of the amount reported as an increase or decrease of the appropriation authority and help identify overdrafts for a specific item within the appropriation.

If the agency/department submits its year-end financial reports manually and posts accruals against reverted appropriations with pending claim schedules, include the following notation as a footnote on Report 5:

*The amount on the pending budget revisions, allocation orders, and/or executive orders line in the Appropriation Balance column is there to cover an accrual posted for a pending claim schedule.*

### General Instructions

- Prepare a separate report for each appropriation.
- Enter all amounts in dollars and cents.
- **Do not** use dollar signs (\$).

## Specific Instructions

The instructions below are followed by an illustration of a completed Report 5. Each numbered item in the following instructions references a corresponding numbered field in the illustration.

## **Pre-Closing and Post-Closing Trial Balance (Reports 7 and 8)**

The Pre-Closing Trial Balance (Report 7) provides the agencies'/departments' June 30 GL account balances for assets, liabilities, fund equity, receipts, and disbursements before the nominal accounts have been closed.

The Post-Closing Trial Balance (Report 8) provides the agencies'/departments' June 30 GL account balances for assets, liabilities, and fund equity accounts remaining after nominal accounts have been closed.

The balances in both reports reflect the accruals as reported on the Report of Accruals to Controller's Accounts (Report 1) and/or the adjustments as reported on the Adjustments to Controller's Accounts (Report 3).

SCO will refer to Reports 7 and 8 to obtain additional information that may help resolve any Report 1 and/or 3 discrepancies.

Refer to SAM section 7962 for illustrations of Reports 7, 8.

Submit the Subsidiaries on File Report, which will provide SCO with the required subsidiary numbers.

**Report 7 – Statewide and Pro Rata assessments should be reported by the administering agency/department or fund administrator.**

**Agencies/departments are no longer required to post SB84 Supplemental Pension Loan balances (GL2170/4050 Interfund Loans Receivable/Interfund Loans Payable and GL 5370/2500 Reserve for Interfund Receivables/Provision for Interfund Loan Payables) on Report 7.**

Since FY 2017-18, FSCU costs and SCO GAAP assessments are consolidated in the Pro Rata and SWCAP plans. They are no longer separately allocated. A portion of FI\$Cal costs, such as licensed user fees, is also recorded under Pro Rata.

The administering agency/department or fund administrator is responsible for recording and reporting statewide and Pro Rata assessments on Report 7, although the assessments are charged under statewide BUs. These assessments are the shared costs associated with statewide projects.

For shared funds, only the administering agency/department will record and report these statewide and Pro Rata assessments.

For the administering agency/department or fund administrator, the statewide and Pro Rata assessments will no longer be reported in the Appropriation Expenditures GL 9000 column on Report 15. They will be reported in its own separate column and row.

**Note: please contact DOF FSCU for Supplemental Pension Assessment instructions.**

## **Abnormal Balance(s) Explanation Required**

All abnormal balances reported on Reports 7 and 8 must be explained. Provide an explanation for any abnormal GL account balance for all fund types either as a footnote on the report(s) or on a separate sheet of paper as an attachment.

The following are examples of abnormal balances:

- Asset accounts with credit balances
- Liability accounts with debit balances
- Revenue and Transfer In accounts with debit balances
- Expenditure and Transfer Out accounts with credit balances

Fund balance is the excess of assets over liabilities. Normally, the ending fund balance on Report 8, (Post-Closing Trial Balance), should have either a zero or a credit balance.

If GL 5530 (Fund Balance-Unappropriated) in a non-shared fund is a debit amount on Report 8, a footnote explanation is required.

# **Nongovernmental Cost Funds**

## Budgetary/Legal Basis Nongovernmental Cost Funds

Nongovernmental Cost Funds consist of those funds that derive their revenue from sources other than general and special taxes, licenses, fees, or other state revenue. Expenditures of these funds **do not** represent a cost of government. There are three major fund classifications under this group: Bond Funds, Trust and Agency Funds – Federal, and Other Nongovernmental Cost Funds. The purpose of each fund classification is described as follows:

**Bond Funds** are used to record proceeds from the sale of general obligation bonds and expenditures for the acquisition of property and capital outlay. They are also used to record loans to local agencies for the same purposes.

**Trust and Agency Funds – Federal** are used to account for money that is received from the federal government to be expended for specific purposes.

**Other Nongovernmental Cost Funds** are used to account for the following revenues and services:

**Public Service Enterprise Funds** are used to account for transactions of state-operated enterprises that render services primarily to the public for a charge.

**Working Capital and Revolving Funds** are used to account for the internal service activities rendered by a state agency/department for other state agencies or local governments.

**Retirement Funds** are used to account for contributions received by various retirement systems, the investment of these moneys, retirement allowances, and refunds to members.

**Trust and Agency Funds – Other** are used to account for money and properties that are received and disbursed by the State as a trustee or custodian.

## Adjustments to Controller's Accounts (Report 3)

Adjustments to Controller's Accounts (Report 3) is a system input document containing the adjusting entries needed to bring the agencies/departments balances into agreement with the SCO cash basis accounts as of June 30 for the following GL accounts:

Account Number	Account Title
1140	Cash in State Treasury
1210	Deposits in Surplus Money Investment Fund
1730.0666001	Prepayments to Service Revolving Fund, Purchasing
1730.0666002	Prepayments to Service Revolving Fund, Printing
2120	Advances to Other Funds

For the GL accounts listed above, the total of the amounts entered on Report 3 combined with the amounts on the Pre-Closing Trial Balance (Report 7) must agree with SCO's account balances as of June 30. Typically, the opposite side of the adjustments to any of these accounts is GL 1410.FFFF (Due From Other Funds) or GL 3114.FFFF (Due To Other Funds). **Do not** make adjusting entries for nominal accounts (receipts and disbursements), as the correct amount is already reflected on Report 7.

**Beginning in FY 2021-22, agencies/departments are required to submit Report 3 electronically to SCO using the most current Excel Report 3 template available on the SCO website. Please do not use previous year's Report 3 template, customize your own Report 3 template, or alter the SCO-provided template.** Even if account titles do not display completely, SCO analysts can still read them, and SCO systems can still pick up the information. This will enable SCO to accept journal entries without the need for manual key entry.

**Only 576A** tab should be used for Nongovernmental Cost Funds and completed in the same manner as Report 3 for Governmental Cost Funds. An attachment (e.g., transaction request, budget revision, etc.) explaining the reason for the adjustments must be included with this report. SCO will refer to the explanation of the adjustments to obtain additional information that may help resolve any discrepancies.

As Report 3, 576A tab, is used as a system input document by SCO, it is important for the agency/department to carefully follow the instructions for this report. Properly completed reports will enable SCO to accept entries without any further adjustments.

Report 3 Excel format consists of the following tabs:

- **Instructions:** This tab contains brief instructions for using the Report 3 Excel template, with less detail than is found in this Procedure Manual.
- **Report 3 GLs (576A):** Designed to report adjustments to asset and liability accounts.
- **Report 3 Detail (576B):** Leave it blank as it is not applicable for Nongovernmental Cost Funds.

- **Footnotes:** Use this tab to provide footnote explanations for any corrections and number the supporting documentation.

Following are two examples of when to use Report 3 for Nongovernmental Cost Funds:

### Example 1:

The agencies/departments Cash in State Treasury on Report 7 as of June 30 is *more* than the SCO's Cash in State Treasury balance at June 30:

<u>Agencies/departments June 30 Balance</u>	<u>SCO June 30 Balance</u>
1140 Cash in State Treasury \$5,000.00	1140 Cash in State Treasury \$3,000.00

The following entry should be made on Report 3 to reflect the official Cash in State Treasury balance at June 30 per the SCO's records:

Dr.	1410.FFFF	\$2,000.00	
	Cr.	1140	\$2,000.00

The combination of the agencies/departments Report 7 and Report 3 for Cash in State Treasury should equal the SCO's balance as of June 30:

<u>Agency/department Report 7</u>		<u>Agency/department Report 3</u>		<u>SCO June 30 Balance</u>
\$5,000.00	+	(\$2,000.00)	=	\$3,000.00

### Example 2:

The agencies/department's Cash in State Treasury on Report 7 as of June 30 is *less* than the SCO's Cash in State Treasury balance at June 30:

<u>Agencies/departments June 30 Balance</u>	<u>SCO June 30 Balance</u>
1140 Cash in State Treasury \$4,000.00	1140 Cash in State Treasury \$7,000.00

The following entry should be made on Report 3 to reflect the official Cash in State Treasury balance at June 30 per the SCO's records:

Dr.	1140	\$3,000.00	
	Cr.	3114.FFFF	\$3,000.00

The combination of the agencies/departments Report 7 and Report 3 for Cash in State Treasury should equal the SCO's balance as of June 30:

<u>Agency/department Report 7</u>		<u>Agency/department Report 3</u>		<u>SCO June 30 Balance</u>
\$4,000.00	+	\$3,000.00	=	\$7,000.00

## General Instructions

- Prepare a separate report for each fund.
- Enter all amounts in dollars and cents.
- **Do not** use dollar signs (\$).
- Leave Amount column blank for accounts with zero balances. **Do not** enter zeros.

## Pre-Closing Trial Balance (Report 7)

The Pre-Closing Trial Balance (Report 7) provides the agencies/departments June 30 GL account balances for assets, liabilities, fund equity, receipts, and disbursements before nominal accounts have been closed. The June 30 balances reported for each account should include the June 30 cash balance, any current year accruals, current year adjustments, and prior year accrual reversals.

As this report is used as a system input document by SCO, it is important for agencies/departments to carefully follow the instructions for this report. Properly completed reports will enable SCO to accept entries without any further adjustments. **FI\$Cal agencies/departments should submit FI\$Cal generated reports whenever they are available, and may refer to the Report 7 FI\$Cal format example in the Governmental Cost Funds section. Beginning in FY 2021-22, non-FI\$Cal agencies/departments are required to submit Report 7 electronically to SCO using the most current Excel Report 7 template available on the SCO website. Please do not use previous year's Excel Report 7 template, customize your own Report 7 template, or alter the SCO-provided template.** Even if account titles do not display completely, SCO analysts can still read them, and SCO systems can still pick up the information. This will enable SCO to accept journal entries without the need for manual key entry.

Report 7 Excel format consists of the following tabs:

- **Instructions:** This tab contains brief instructions for using the Report 7 Excel template, with less detail than is found in this Procedure Manual.
- **Report7:** Designed to report June 30 GL account balances for cash balance, any current year accruals, current year adjustments, and prior year accrual reversals.
- **Footnotes:** Use this tab to provide footnote explanations for any abnormal GL account balances.

As Report 7 is used as a system input document by SCO, it is important for the agency/department to carefully follow the instructions for this report. Properly completed reports will enable SCO to accept entries without any further adjustments.

**Long-term loan disclosure:** For all agencies/departments, a footnote disclosure is required for any interest or loan repayments due within the year. These repayments should be footnoted on FI\$Cal generated Report 7 or the Footnotes tab if use the Report 7 Excel format. The footnote is necessary to fully disclose the fund's liabilities and should include the terms of the loan (such as date of issuance, repayment terms, and interest rate) current loan balance, and interest earned or owed.

Example: Issue date – 7/14/XXXX, 5 year loan, due date – 6/30/XXXX, interest rate of 6%, amount of loan balance at current fiscal year-end – \$50,000.00, amount of loan repayments due within the year – \$20,000.00, interest owed – \$3,000.00.

## General Instructions

- Non-FI\$Cal agencies/departments submit Excel file only. FI\$Cal agencies/departments submit FI\$Cal generated Report 7. An additional Excel format of Report 7 for FI\$Cal agencies/departments is optional. **FI\$Cal agencies/departments could refer to Report 7 FI\$Cal format example in Governmental Cost Funds section.**
- Prepare a separate report for each fund.
- Enter all amounts in dollars and cents.
- **Do not** use dollar signs (\$).
- Leave Amount column blank for accounts with zero balances. **Do not** enter zeros.
- Total debits must equal total credits.
- **Must reconcile to the 6/30 SCO Tab Run-Fund Reconciliation balances.**

If a revision is needed, work with your SCO SGR analyst to confirm whether the original Report 7 has been processed. **NOTE: A Revised Certification Letter is required with every revision.**

- 7 Debits = Credits?:** If this field is red and reads No, it means Report 7 debits do not equal credits. If you have finished filling out all of Report 7, check for mistyped amounts or amounts that may have been misplaced in the Debits/Credits columns.
- 8 GL:** Enter the lowest-level GL account numbers listed in the UCM.
- 9 Account Title:** Complete the account title that corresponds with the respective account number.
- 10 Subsidiary:** To identify the other fund involved in an interfund transaction, enter the four-digit fund number.

**REMINDER:**

Fill out the Due To/From Other Funds/Appropriations & Transfer In/Out Supplemental Form for GL 3114.FFFF and 1410.FFFF.

1410.FFFF	Due From Other Funds
1730.FFFF	Prepayments to Other Funds or Appropriations
3114.FFFF	Due To Other Funds
5330.FFFF	Reserve for Prepaid Items (enter the same fund number as GL 1730)

For prepayments, see SAM section 10514 and 10517.

Fill out the Due To/From Other Funds/Appropriations & Transfer In/Out Supplemental Form for GL 3115.AAAA and 1420.AAAA.

If the Due To/Due From is within the same fund, but different appropriations, enter the four-digit business unit/organization coder immediately following the GL account numbers listed below to identify the other agency/department involved in the inter-agency transaction.  
**If the AAAA is your own agency/department, the amounts of these two accounts must equal.**

1420.AAAA	Due From Other Appropriations
3115.AAAA	Due To Other Appropriations

For Nongovernmental Cost Funds, other than General Obligation Bond Funds, encumbrances should be posted to the appropriate liability accounts GL 3010, 3114.FFFF, 3115.AAAA, 3220, or 3290.

All accrued reimbursements that will fund the accrued encumbrances should be accrued under their respective receivable accounts (GL 1312, 1410.FFFF, 1510, or 1590). If such reimbursements were accrued under GL 1312, Accounts Receivable – Reimbursements, then the agency/department must reclassify them to the proper receivable accounts.

Enter the four-digit GL accounts receivable code (XXXX) following the GL account numbers listed below to identify the related receivable.  
**The code must be preceded by a “0.”**

1390.0XXXX	Allowance for Uncollectible Accounts
1600.0XXXX	Provision for Deferred Receivables

**The amount reported for each of the two GL accounts listed above must not exceed the amount reported for its related receivable.**

FI\$Cal agencies/departments must submit the Subsidiaries on File Report, which will provide SCO with the required subsidiary numbers.  
**If you submit the Report 7 Subsidiaries on File with due to/from & transfers in/out information, the Due To/From & Transfers In/Out Supplemental Report is not needed.**

For all agencies/departments, the **unencumbered** amount of the Due From Other Funds GL 1410.FFFF must equal the related **unencumbered** amount of the Due To Other Funds GL 3114.FFFF from other agencies/departments. Agencies/departments must coordinate related amounts reported to ensure the amounts are equal.

Fill out the Due To/From Other Funds/Appropriations & Transfer In/Out Supplemental Form to provide SCO with the business unit/organization code(s) and agency/department name(s) related to the Due To/From Other Fund and Transfer In/Out transactions submitted on Reports 3 and 7.

**11 Debits or Credits:**

Post the agencies'/departments' balance for each GL account in the proper column.

**12 Errors:**

This column will display any common errors that are on the spreadsheet.

**REMINDER:**

**Do not enter total line on Report 7 Excel format.**

**Statewide and Pro Rata assessments**

The administering agency/department or fund administrator of a fund is responsible for including statewide and Pro Rata assessments on Report 7, although the expenditures are charged under other business unit/organization codes. These assessments/charges are the shared costs associated with statewide projects, such as BU 9900 – Pro Rata.

## **Post-Closing Trial Balance (Report 8)**

The Post-Closing Trial Balance (Report 8) provides the agencies'/departments' June 30 GL account balances for assets, liabilities, and fund equity accounts after the nominal accounts have been closed. SCO will refer to Report 8 and its supporting documentation to obtain additional information that may help resolve any Report 7 discrepancies.

Fund balance is the excess of assets over liabilities. Normally, the ending fund balance on Report 8 should have either a zero or a credit balance. If GL 5530 – Fund Balance-Unappropriated in a non-shared fund is a debit amount on Report 8, a footnote explanation is required.

## **Reports 7 and 8 for Federal Trust Fund**

Year-end financial reports for the Federal Trust Fund (Fund 0890) should not be submitted unless there is a zero fund balance. Inflows must equal outflows when accounting for Federal Funds. There must be a zero fund balance after nominal accounts are closed. If you are accruing revenue or transfers in (inflows), you should also be accruing expenditures or transfers out (outflows).

**The net total amounts of all nominal accounts (e.g., GL 8000, 8100, 9000, etc.) for Fund 0890 must be zero on Report 7.**

## **Analysis of Change in Fund Balance (Report 9)**

The Analysis of Change in Fund Balance (Report 9), also known as the Statement of Operations, provides the beginning fund balance for the fiscal year plus any additions (e.g., revenues), less any deductions (e.g., expenditures) to determine the fiscal year's ending fund balance. Report 9 is required for non-shared funds as well as the Federal Trust Fund (0890), Special Deposit Fund (0942), and Fiduciary Funds Outside the Centralized Treasury System (0990).

Beginning fund balance must equal the ending fund balance from the previous year's Report 9. If the agency/department made entries that changed the previous year's ending fund balance reported to SCO, the beginning fund balance and prior year adjustment accounts on Report 9 must be footnoted to explain the difference.

SCO will refer to Report 9 to obtain additional information that may help resolve any Report 7 discrepancies.

## General Obligation Bond Funds

Bond Funds are used to record the proceeds from the sale of general obligation bonds and the expenditure for acquisition of property, capital outlay, or loans to local agencies for the same purpose.

The year-end financial reports required for General Obligation Bond Funds are the same as those required for Governmental Cost Funds. Refer to the Governmental Cost Funds section of this Manual for instructions.

### Specific Instructions

- Provide the required year-end financial reports for each sub-fund.
- Accrue Surplus Money Investment Fund interest as a debit to GL 1410.0681 and a credit to receipt account 0250300.
- **Do not** accrue any **intrafund** transfers. **Intrafund** transfers are transfers within the same fund, different sub-fund. You are still required to accrue **interfund** transfers, which are transfers to/from other fund(s).
- The Pooled Money Investment Account (PMIA) loan accrual letter is mailed out by SCO no later than July 30. Per the data provided in the letter, accrue the PMIA interest expense pertaining to the loan as a debit to the appropriate disbursement account and a credit to GL 3114.0942, Due To Special Deposit Fund.

If you have any questions regarding the PMIA letter, email the SCO Treasury Services Section at [SCOTreasurySvcs@sco.ca.gov](mailto:SCOTreasurySvcs@sco.ca.gov).

## **Special Deposit Fund – Fund 0942**

The Special Deposit Fund (0942) is used as a depository for money collected by the State, for which no special fund has been created. Money remaining unclaimed and held by an agency/department when the claimant cannot be found is also deposited in the fund and remains for two years. If not claimed within the two-year period, the money reverts to the General Fund, except for unclaimed warrants deposited, which will revert to the fund against which the warrant was drawn.

The following year-end financial reports are required for the Special Deposit Fund:

- Report 3 – Adjustments to Controller's Accounts
- Report 7 – Pre-Closing Trial Balance
- Report 8 – Post-Closing Trial Balance
- Report 9 – Analysis of Change in Fund Balance
- Report 20 – Statement of Financial Condition

### **General Instructions**

- Prepare consolidated Reports 3, 7, 8, Due To/From & Transfers In/Out Supplemental Report (if applicable), and Material Variance Explanation Form. For each sub-fund, prepare and submit separate Reports 9 and 20; do not submit other documents for the sub-funds. Year-end financial reports are required even if the account has a zero fund balance but had a beginning fund balance or activity during the FY.
- The beginning fund balance on the current year Report 7 must equal the ending fund balance on the prior year Report 8.
- Cash in State Treasury must equal the Controller's Fund Reconciliation Report, GL 1140. If an adjustment is necessary, provide a footnote on the Footnotes tab of Report 3.
- June 30 accounts not yet approved by DOF are considered Fiduciary Funds Outside the Centralized Treasury System until an agency/department has obtained approval.
- Refer to the Special Deposit Fund sample Certification Letter.

## **Fiduciary Funds Outside the Centralized Treasury System (also known as Non-Treasury Trust Fund) – Fund 0990**

Fiduciary Funds Outside the Centralized Treasury System (0990) are used to record money or property in the custody of a state agency/department that is not required to be deposited in a fund in the State Treasury.

Cash receipts are accounted for in GL 1120, Agency Trust Fund Cash.

Securities may be held by the agency/department or transmitted to the State Treasurer for safekeeping and accounted for in GL 2720, Securities and Other Property Held in Trust.

**Note:** Trust cash in an agency/department account pending remittance to a fund in the State Treasury is recorded in GL 1110, General Cash.

The following year-end financial reports are required for Fiduciary Funds Outside the Centralized Treasury System; these are the same reports submitted for Nongovernmental Cost Funds:

- Report 7 – Pre-Closing Trial Balance
- Report 8 – Post-Closing Trial Balance
- Report 9 – Analysis of Change in Fund Balance
- Report 20 – Statement of Financial Condition

### **General Instructions**

The instructions below are followed by illustrations of completed Reports 7, 8, and 9. Included in the year-end financial reports should be the type of trust fund, a contact person, and a phone number. Refer to SAM section 7620 for more information about GL 1120, Agency Trust Fund Cash.

- The year-end financial reports required for a Fiduciary Fund Outside the Centralized Treasury System must be submitted under fund number 0990.
- Include GL account numbers on all reports. Account titles alone are not sufficient.
- Prepare separate year-end financial reports according to the type of trust fund money held. There are four types, as follows:
  - **Guaranty Deposits:** Deposits held by several state agencies to comply with various legal requirements. For instance, negotiable securities held by the State Treasurer, bearer bonds, stocks, or certificates of deposits not assigned to the agency/department. Also included are fees, bids, and security deposits.
  - **Private Trusts:** The state agency/department acts as a custodian of a private individual's assets. A Private Trust may be money, securities, or sundry personal property held by an agency/department for the benefit of specific individuals, such as inmates or students.
  - **Special Purpose Trusts:** Individuals, corporations, public agencies, etc., may make gifts or grants to the State for specific purposes such as conducting research or providing money for scholarships.

- **Agency Trusts:** The following funds outside the State Treasury are authorized by DOF:

State Veterans' Home Post Fund  
Agriculture Marketing Act Trust  
Department of Employment Trust Funds

**Submit a Material Variance Explanation Form (MVEF) using Report 9. Fill in the prior year (PY) and current year (CY) amounts on the MVEF using the PY and CY Report 9.**

The total additions amount (sum of operating income, receipts from depositors, and other additions) on Report 9 represents the revenue amount on the MVEF.

The total deductions amount (sum of operating expenditures, payments to and for depositors, securities released for individuals, prior year surplus adjustments, and other deductions) on Report 9 represents the expenditure amount on the MVEF.

## Statement of Changes in Capital Assets Group of Accounts (Report 18)

The Statement of Changes in Capital Assets Group of Accounts (Report 18) provides SCO with information regarding the addition and deduction of capital assets (both tangible and intangible assets) during the fiscal year. This information is needed for the preparation of the Annual *Comprehensive Financial Report* in conformity with the Generally Accepted Accounting Principles of the United States of America (GAAP).

Report 18 must be submitted for each fund, except for Fiduciary Funds.

A list of agencies/departments required to submit Report 18 is posted on the SCO website.

Failure to submit Report 18 will result in a disqualification for excellence in financial reporting.

**Governmental Accounting Standard Board Statement No. 51** - *Accounting and Financial Reporting for Intangible Assets*, established uniform accounting and financial reporting requirements for intangible assets in FY 2009-10.

Budget Letter 10-13, issued by DOF on June 18, 2010, provides specific information for implementing this policy on the capitalization of intangible assets for financial reports, as well as guidelines for retroactively reporting intangible assets that were not previously reported. The budget letter is located at [Budget Letters | Department of Finance \(ca.gov\)](#).

SAM sections 8615 and 8635 require capitalization of purchased intangible assets and internally generated intangible assets. Definitions and descriptions of intangible assets included in SAM and GL accounts for various categories of intangible assets are included in the Uniform Codes Manual. Agencies/departments are required to report their intangible assets using the lowest-level GL account(s) in the financial reports.

Effective beginning fiscal year 2022-2023 Reports 18 and 19 should include the Right-To-Use Subscription-Based Information Technology Arrangements (SBITA) created by GASB Statement No. 96. More information on GASB 96 implementation can be found on the SCO website at [GAAP Basis Reporting \(ca.gov\)](#).

SAM section 7977 (revised 03/2021) requires all agencies/departments to include a Report 18, Statement of Changes in Capital Assets Group of Accounts, Beginning Balance Differential Report, if applicable. This report is required to document and explain differences between beginning balances and prior year ending balances of capital assets.

### General Instructions

- A separate Report 18 must be prepared for each fund within your agency/department, except for Fiduciary Funds. Additionally, capital assets of both proprietary and fiduciary fund types must be included in the fund reports. **If there are no capital assets for a fund, add a note “no capital assets to report” on the Certification Letter.**
- Agencies/departments are required to identify each Report 18 with the fund name, fund number, agency/department, and business unit/organization code.

- A Report 18 must be submitted for each fund that has a capital asset beginning balance, even when there are no current year additions or deductions.
- If your department has a Report 18 for a fund that does not require year-end financial statements but has a capital asset balance, submit the Report 18 with the fund that submits the Report 19.
- Only one Report 18 should be prepared and submitted for each fund. **Do not** submit multiple Report 18s for the same fund.
- The number of Report 18s an agency/department submits must equal the number of funds reported in the agencies'/departments' Report 19.
- The beginning balances must agree with the prior year's ending balances except for restatements to beginning balance for unreported or misclassified capital assets. If the beginning balance does not match the prior year ending balance, a Beginning Balance Differential Report is required. If an adjustment to the beginning balance is made, the description, breakdown amount, and category of the adjustment need to be included on the Beginning Balance Differential Report. For rules on retroactively reporting intangible assets, refer to Budget Letter 10-13 at [Budget Letters | Department of Finance \(ca.gov\)](#)
- If capital assets were included in Report 18 last year under a different asset account (e.g. intangible assets work in progress), reduce the beginning balance of the previously used account and add the amount to the beginning balance of the correct capital asset account.
- The Additions column should be used only for assets acquired or internally generated during the current FY.
- An addition of a previously unreported capital asset should be reported as a beginning balance restatement, using the Beginning Balance column and not the Additions column.
- In case of a reorganization where the capital assets of a fund or agency/department are transferred to another fund or agency/department, the receiving agency/department should reflect the transfer as an increase in its Beginning Balance column, while the agency/department transferring the assets should report a decrease in the Beginning Balance column.
- If there are any deductions equal to or greater than \$1 million in aggregate for an asset account, the following information must be provided in a footnote:
  - The nature of the deduction (i.e. sale, demolition, transfer, or other).
  - The date acquired and the acquisition cost for each deduction reported as a sale, demolition, or transfer.
  - The fund name and number and the agency name and number to which the capital asset was transferred, if applicable.
  - An explanation for the deduction if it represents an adjustment or other deduction.
- If you have any questions regarding this report, email [BLFinRep@sco.ca.gov](mailto:BLFinRep@sco.ca.gov).

## **Statement of Capital Assets Group of Accounts (Report 19)**

The Statement of Capital Assets Group of Accounts (Report 19) provides information on capital assets recorded in the Capital Assets Group of Accounts and ensures the accuracy and completeness of the agencies'/departments' capital asset accounts in the year-end financial reports.

Report 19 includes the total of all capital assets (tangible and intangible assets) of an agency/department, and provides the total capital assets for each fund.

Report 19 is a consolidation of all information from each Report 18, whereas an individual Report 18 includes the amount of capital assets for one fund only.

A list of agencies/departments required to submit Report 19 is posted on the SCO website.

If there is nothing to report on Report 19, add a note "no capital assets to report" next to the report number on the Certification Letter of the fund submitting Report 19. Indicate which fund the Report 19 is submitted with on every other fund's Certification Letter.

If you have any questions regarding this report, email [BLFinRep@sco.ca.gov](mailto:BLFinRep@sco.ca.gov). An illustration of a completed Report 19 is shown on the following page.

## **Statement of Contingent Liabilities (Report 22)**

The Statement of Contingent Liabilities (Report 22) is used to report all contingent liabilities that were not accrued by your agency/department. A Report 22 is required for all funds, or if there are no contingent liabilities, indicate on the Certification Letter “no activity to report.”

Report 22 must include contingencies for federal audit exceptions, other audit exceptions, and pending litigation.

The criteria for determining when to accrue and disclose contingent liabilities and an illustration of a completed Report 22 are shown on the following pages.

**Criteria for Accruing and Disclosing Contingent Liabilities** (for GAAP purposes only):

## Supplemental Forms

### Due To/From Other Funds/Appropriations & Transfers In/Out Supplemental Form

#### Due To/From Other Funds

- SCO requires agencies/departments to identify the agency/department and fund involved in each Due To/From Other Fund/Appropriation transaction on the Due To/From Other Funds/Appropriation & Transfers In/Out Supplemental Form. For each amount posted to GL 3114.FFFF and 1410.FFFF, provide the four digit fund related to the accrual.
- The Due To/From Other Funds/Appropriation & Transfers In/Out Supplemental Form is required for each shared and non-shared fund submitting year-end financial reports to SCO for those agencies/departments that have accruals. **If a fund has multiple sub-funds, agencies/departments are required to submit only one Due To/From Other Funds/Appropriation & Transfers In/Out Supplemental Form at the main fund level, not per sub-fund.** The form must be listed on the Certification Letter under the heading Supplemental Forms. The form is available on the SCO website at [https://www.sco.ca.gov/ard\\_reporting.html](https://www.sco.ca.gov/ard_reporting.html).
- **FI\$Cal agencies do not need to submit a Due To/From Other Funds/Appropriation & Transfers In/Out Supplemental Form if the required information is included in Report 7 Subsidiaries on File.**
- Determine the ultimate fund or agency/department on the Due To/From & Transfers In/Out Supplemental Report. If the amount will be further transferred to or expended by another state agency/department or fund, the accrual and the supplementary information should reflect the ultimate fund.
- If an interagency agreement exists, it should provide the ultimate fund information. If the ultimate fund cannot be determined, contact the other agency/department to ensure that the accrual Due To and Due From reconcile and that both agencies/departments are using the ultimate fund.
- It is the agencies'/departments' responsibility to communicate and coordinate with each other to ensure that their Due To/From entries reconcile. Indicate on the form if you have contacted the other agency/department, but the amounts cannot be confirmed.
- Submit the supplemental form to SCO along with the fund's year-end financial reports as follows:
  - Governmental Cost Funds – include the form with Reports 1 and 3.
  - Nongovernmental Cost Funds – include the form with Report 7. To avoid misclassification of the accounts receivables (unless it is for a reverted appropriation that is recoded using GL 1319, Accounts Receivable – Other), a receivable held by the state, federal, or local government, should be reported using GL 14XX or GL 15XX. Refer to SAM section 10400 for a description of the GL accounts.

## Due To/From Other Appropriations

- GL 1420.AAAA (Due From Other Appropriations) and GL 3115.AAAA (Due To Other Appropriations) require the four-digit business unit/organization code (AAAA) as the subsidiary number for accruals, adjustments, and balances on Reports 1, 3, 7, and Subsidiaries on File. For each amount posted to GL 3115.AAAA and 1420.AAAA, provide the four-digit business unit/organization code related to the accrual. This requirement will assist SCO with the Due To and Due From reconciliation.

Remember that the subsidiary four-digit business unit/organization code should reflect the ultimate organization. It is not necessary to report the business unit/organization code if it is merely a flow-through to another agency/department. Also exclude the Clearing Account, as a pass-through fund, in the General Fund.

The following is an example of how a Due To/From Other Appropriations entry for a Governmental Cost Fund should be reflected when the Due To/From is between two separate agencies:

### Type of transaction:

Correction of claim schedule 9456096, dated 5-1-20XX, paid by warrant number 08-211186:

DR	0001-4720-20XX-001-10-D	\$1,000.00
	CR 0001-1234-20XX-001-10-D	\$1,000.00

### Reason for request:

The business unit referenced on the claim was 1234 but should have been business unit 4720.

### Business unit 1234 would record their side of the entry as follows:

DR	1420.4720 (Due from other appropriations business unit 4720)	\$1,000.00
	CR 0001-1234-20XX-001-10-D	\$1,000.00

### Business unit 4720 would record their side of the entry as follows:

DR	0001-4720-20XX-001-10-D	\$1,000.00
	CR 3115.1234 (Due to other appropriations business unit 1234)	\$1,000.00

Agencies/departments submitting manual reports, continue to include the subsidiary account information on Reports 1, 3, and 7.

## Transfers In/Out

Agencies/departments must identify the agency/department and fund involved in each GL 9811/9812. Amount posted to GL 9811/9812 should match Report 7 Pre-Closing Trial Balance.

The Due To/From Other Funds/Appropriations & Transfers In/Out Supplemental Form is available in Excel format on the SCO website at [https://www.sco.ca.gov/ard\\_reporting.html](https://www.sco.ca.gov/ard_reporting.html)

An example of the Due To/From Other Funds/Appropriations & Transfers In/Out Supplemental Form is shown on the following page.

This information is required for all Due To Other Funds (GL 3114), Due From Other Funds (GL 1410), Due To Other Appropriations (GL 3115), Due From Other Appropriations (GL 1420), and Transfers In/Out (GL9811/9812), Report No. 1, Report No. 3, Report No. 7, and/or Revisions to Report Nos. 1,3, and 7. Departments should coordinate with each other to ensure that their corresponding Due To/From and Transfers In/Out entries reconcile. Submit GAAP adjustments for nongovernmental cost funds if the encumbrance amount exceeds \$1 million. ## Material Variance Explanation Form

The Material Variance Explanation Form (MVEF) is used to identify and provide explanations for material variances between prior year (PY) and current year (CY) nominal account balances.

The MVEF is required for each shared and non-shared fund submitting year-end financial reports to SCO. **If a fund has multiple sub-funds, agencies/departments are required to submit only one MVEF at the main fund level, not per sub-fund.** The form must be listed on the Certification Letter under the heading Supplemental Forms. The MVEF is available on the SCO website at [https://www.sco.ca.gov/ard\\_reporting.html](https://www.sco.ca.gov/ard_reporting.html).

Complete this form after you have prepared the fund's Report 7, and Report 9.

**THE MATERIAL VARIANCE EXPLANATION FORM IS REQUIRED TO BE SUBMITTED EVEN IF THERE IS NO ACTIVITY TO REPORT.**

### Instructions

- Using the PY and CY Report 7s, fill in the PY and CY amounts (yellow cells).
- Use the PY and CY Report 9s to fill in the PY and CY amounts for the Fiduciary Funds Outside the Centralized Treasury System. See instructions on the Fiduciary Funds Outside the Centralized Treasury System section.
- The form will automatically calculate the amount and percentage of the variance.
- Based on the calculation, a message will appear identifying whether or not the variance is material and whether it requires an explanation.
- If a variance explanation is required, provide a detailed explanation for the applicable nominal account type(s).
- If a variance explanation is not required, leave the explanation box blank. Submit one copy of the form with the fund's year-end financial reports to SCO.
- If there is no activity on both PY and CY Report 7s and Report 9s, state "no activity to report" in the explanation boxes and next to the Certification Letter. Agencies/departments are still required to submit this form along with other year-end financial reports.

**Material Variance Criteria:**

CY balance less PY balance is equal to or greater than \$1 million;

and

Percentage of variance (variance divided by PY balance) is equal to or greater than 10%. When either CY or PY balance is zero, variance percentage is inapplicable and no explanation is needed.

**Material Variance Explanations:**

Explanations should answer the question, "Why is there a variance?" If applicable, provide the specific legal citations, Government Code section, budget letter number, executive order number, etc.

Examples of acceptable variance explanations:

- Revenue (GL XXXX) increased due to a new revenue source per Government Code section XXXX.
- Expenditures (GL XXXX) decreased as a result of program XX budget cuts/lack of funding/increased federal reimbursements.
- Transfers In (GL XXXX) increased due to additional federal grants administered for the XX program.

Examples of **unacceptable** variance explanations:

- Revenues increased.
- Expenditures decreased due to increased encumbrances.
- Transfers In increased due to federal grants.

An example of the MVEF is shown on the following page.

**REMINDER:**

Submit one hard copy of the MVEF to SCO even if there is no activity.

## Checklists for Open House:

At the end of the reporting cycle, SCO compiles and prepares four criteria checklists/worksheets that are posted on the SCO website. These checklists are available for the agencies/departments to view and assess how they performed on their budgetary/legal year-end financial reports. The only criterion pertaining to GAAP is whether or not the GAAP-related adjustments and/or audit reports were received by the due date. The four criteria checklists/worksheets are:

1. Financial Reporting Criteria Checklist
2. Expenditure Criteria Worksheet
3. Revenue Criteria Worksheet
4. Governor's Budget Criteria Worksheet

### • Financial Reporting Criteria Checklist

The Financial Reporting Criteria Checklist is a fundamental high-level checklist that SCO fiscal analysts use when reviewing the year-end financial reports. One checklist is prepared for each particular fund and agency/department business unit/organization code combination. This checklist is used to determine whether or not a fund meets the requirements for financial reporting. Any "No" answer on the checklist indicates disqualification from excellence in financial reporting. Criteria #9 to #11 are explained further in this section.

#### **Budgetary/Legal Basis Reporting Criteria:**

Due Dates:

- Agency/department year-end financial reports must be received by the due dates (August 31).
- Revisions to reports received after the above due dates are considered delinquent.

Certification Letter:

- A Certification Letter must be prepared for each fund in accordance with the instructions.

## • Expenditure Criteria Worksheet

The Expenditure Criteria Worksheet is a compilation and calculation of the total current year expenditures, accruals, and prior-year accruals for a particular fund and business unit/organization code. Each open and active expenditure control account for the fund is listed on the worksheet. One of the financial reporting criteria for Governmental Cost Funds and Bond Funds is that prior-year expenditure accruals are within 10% of total expenditures incurred during the reporting year. See Financial Reporting Criteria Checklist criterion #9. This means the Total Prior Year Expenditure Accruals (C) must fall between 90% and 110% of the Total Expenditures as of June 30 (A) plus the Total Current Year Expenditure Accruals (B). If it does not meet the 10% variance, a "No" will be displayed on this worksheet as well as checked on the Financial Reporting Criteria Checklist criterion #9, which indicates a disqualification. A sample of the Expenditure Criteria Worksheet is illustrated below.

- **Governor's Budget Criteria Worksheet**

The Governor's Budget Criteria Worksheet displays the comparison between the Governor's Budget ending fund balance and the SCO's ending fund balance less Reserved for Encumbrances. It calculates whether SCO's ending fund balance matches, is overstated, or is understated compared to the Governor's Budget ending fund balance. One of the financial reporting criteria for all funds, except the General Fund, is to have the ending fund balance within \$100,000 and 3% of the ending fund balance on the Governor's Budget Fund Condition Statement. See Financial Reporting Criteria Checklist criterion #11. Samples of the Governor's Budget Criteria Worksheet and Governor's Budget Fund Condition Statement are illustrated below.

## Financial Report Checklist to Assist with the DOF/SCO Reconciliation

DOF and SCO collaborate to reconcile every Governmental Cost Fund. The Fund Condition Statement presented in the Governor's Budget should reconcile with the Statement of Operations presented in the BLBAR. In order for the fund to reconcile, the data reported by the agencies/departments to SCO via their year-end financial reports must equal the data provided to DOF via their budget documents. DOF issues Budget Letters on its website that address the budgeting and accounting relationship. SAM section 6400 states that fund balance, revenues, expenditures, and other accounting data included in the past year's presentation of the Governor's Budget must be equivalent in amount and classification with similar data published in the SCO's BLBAR.

DOF designates an administering agency/department for each fund that is responsible for the overall management of the fund.

The following checklist is provided to assist with the agencies/departments fund review process. It is a summary of the checklist that SCO uses when reviewing each fund's Balance Sheet and Statement of Operations after the accruals from each of the shared agencies/departments have been posted.

- \_\_\_\_ 1. Current year (CY) beginning fund balance equals prior year (PY) ending fund balance. Compare the CY Pre-Closing Trial Balance (Report 7) and PY Post-Closing Trial Balance (Report 8).
- \_\_\_\_ 2. Fund balance is zero, if required. Some funds must have a zero fund balance at the end of each year (i.e. Federal Trust Fund, Local Revenue, and pass-through funds).
- \_\_\_\_ 3. Assets, Expenditures, and Transfers Out are debits. Abnormal balances must have an explanation.
- \_\_\_\_ 4. Liabilities, Revenues, and Transfers In are credits. Abnormal balances must have an explanation.
- \_\_\_\_ 5. Transfers In/Out match the transfers included in the Fund Condition Statement for each fund included in the Enacted Budget. Typically, Fund Condition Statements for Nongovernmental Cost Funds are not included in the Enacted Budget.
- \_\_\_\_ 6. The Material Variance Explanation Form is completed, material amounts have been researched, a detailed explanation has been provided, and one copy of the form is included with the required year-end reports. The Material Variance Explanation Form is located on the SCO website at [https://sco.ca.gov/ard\\_reporting.html](https://sco.ca.gov/ard_reporting.html)
