The Honorable Robert Storer
Mayor of the Town of Danville
510 La Gonda Way
Danville, CA 94526

Dear Mayor Storer:

The State Controller's Office audited the Town of Danville's Special Gas Tax Street Improvement Fund for the period of July 1, 1997, through June 30, 2011. We also audited the Traffic Congestion Relief Fund allocations recorded in the Special Gas Tax Street Improvement Fund for the period of July 1, 2000, through June 30, 2011, as well as the Proposition 1B Fund allocations recorded in the Special Gas Tax Street Improvement Fund for the period of July 1, 2007, through June 30, 2011.

Our audit found that the town accounted for and expended its Special Gas Tax Street Improvement Fund in compliance with requirements, and that no adjustment to the fund is required.

Audit Report

Summary

The State Controller's Office audited the Town of Danville's Special Gas Tax Street Improvement Fund—highway users tax—for the period of July 1, 1997, through June 30, 2011. We also audited the Traffic Congestion Relief Fund (TCRF) allocations recorded in the Special Gas Tax Street Improvement Fund for the period of July 1, 2000, through June 30, 2011, as well as the Proposition 1B Fund allocations recorded in the Special Gas Tax Street Improvement Fund for the period of July 1, 2007, through June 30, 2011.

Our audit found that the town accounted for and expended its Special Gas Tax Street Improvement Fund in compliance with requirements, and that no adjustment to the fund is required.

Background

The State apportions funds monthly from the highway users tax account in the transportation tax fund to cities and counties for the construction, maintenance, and operation of local streets and roads. The highway users taxes derive from state taxes on the sale of motor vehicle fuels. In accordance with Article XIX of the California Constitution and Streets and Highways Code section 2101, a city must deposit all apportionments of highway users taxes in its Special Gas Tax Street Improvement Fund. A city must expend gas tax funds only for street-related purposes. We conducted our audit of the city's Special Gas Tax Street Improvement Fund under the authority of Government Code section 12410.

Government Code section 14556.5 created a Traffic Congestion Relief Fund in the State Treasury for allocating funds quarterly to cities and counties for street or road maintenance, reconstruction, and storm damage repair. Cities must deposit funds received into the city account designated for the receipt of state funds allocated for transportation purposes. The town recorded its TCRF allocations in the Special Gas Tax Street Improvement Fund. We conducted our audit of the town's TCRF allocations under the authority of Revenue and Taxation Code section 7104.

Senate Bill 1266, Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, was introduced as Proposition 1B and approved by the voters on November 7, 2006, for a variety of transportation priorities, including the maintenance and improvement of local transportation facilities. Proposition 1B funds transferred to cities and counties shall be deposited into an account that is designated for the receipt of State funds allocated for streets and roads. The city recorded its Proposition 1B Fund allocations in the Special Gas Tax Street Improvement Fund. A city also is required to expend its allocations within four years following the end of the fiscal year in which the

allocation was made and to expend the allocation in compliance with Government Code section 8879.23. We conducted our review of the city's Proposition 1B allocations under the authority of Government Code section 12410.

Objective, Scope, and Methodology

Our audit objective was to determine whether the town accounted for and expended the Special Gas Tax Street Improvement Fund in compliance with Article XIX of the California Constitution, the Streets and Highways Code, Government Code section 8879.23, and Revenue and Taxation Code section 7104. To meet the audit objective, we determined whether the town:

- Properly deposited highway users tax apportionments and other appropriate revenues in the Special Gas Tax Street Improvement Fund;
- Expended funds exclusively for authorized street-related purposes; and
- Made available unexpended funds for future expenditures.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We did not audit the town's financial statements. We limited our audit scope to planning and performing the audit procedures necessary to obtain reasonable assurance that the town accounted for and expended the Special Gas Tax Street Improvement Fund in accordance with the requirements of the Streets and Highways Code, Government Code section 8879.23, and Revenue and Taxation Code section 7104. Accordingly, we examined transactions, on a test basis, to determine whether the town expended funds for street purposes. We considered the town's internal controls only to the extent necessary to plan the audit.

Conclusion

Our audit found that the Town of Danville accounted for and expended its Special Gas Tax Street Improvement Fund in compliance with Article XIX of the California Constitution and the Streets and Highways Code for the period of July 1, 1997, through June 30, 2011.

Our audit also found that the town accounted for and expended its TCRF allocations recorded in the Special Gas Tax Street Improvement Fund in compliance with Article XIX of the California Constitution, the Streets and Highways Code, and Revenue and Taxation Code section 7104 for the period of July 1, 2000, through June 30, 2011.

In addition, our audit found that the city accounted for and expended its Proposition 1B Fund allocations recorded in the Special Gas Tax Street Improvement Fund in compliance with Government Code section 8879.23 for the period of July 1, 2007, through June 30, 2011.

**Follow-Up on Prior
Audit Findings**

Our prior audit report, issued on October 21, 1998, disclosed no findings.

**Views of
Responsible
Officials**

We discussed the audit results with town representatives during an exit conference on June 18, 2014. Elizabeth Hudson, Finance Director, and Lani Ha, Accounting Manager, agreed with the audit results. Ms. Hudson further agreed that a draft audit report was not necessary and that the audit report could be issued as final.

Restricted Use

This report is intended for the information and use of the Town of Danville's management and the SCO; it is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit distribution of this report, which is a matter of public record.

¹ The city receives apportionments from the State highway users tax account, pursuant to Streets and Highways Code sections 2103, 2105, 2106, 2107, and 2107.5. The basis of the apportionments varies, but the money may be used for any street purpose. Streets and Highways Code section 2107.5 restricts apportionments to administration and engineering expenditures, except for cities with populations of fewer than 10,000 inhabitants. Those cities may use the funds for rights-of-way and for the construction of street systems. The audit period was July 1, 1997, through June 30, 2011; however, this schedule includes only the period of July 1, 2010, through June 30, 2011.

² Senate Bill 1266, Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, introduced as Proposition 1B, provided funds for a variety of transportation priorities. The audit period was July 1, 2007, through June 30, 2011.

³ Government Code section 14556.5 created a Traffic Congestion Relief Fund (TCRF) in the State Treasury for allocating funds quarterly to cities and counties for street and road maintenance, reconstruction, and storm damage repair. The TCRF allocations were recorded in the Special Gas Tax Street Improvement Fund. The audit period was July 1, 2000, through June 30, 2011.
