Review Report

Summary

The State Controller's Office (SCO) reviewed the El Dorado County Office of Education's (COE) audit resolution process for local education agency (LEA) exceptions noted in the annual audit reports for fiscal year (FY) 2015-16 and FY 2016-17. Our review found that the El Dorado COE followed its audit resolution process for FY 2015-16 and FY 2016-17.

Background

California Education Code section 41020(n) requires the State Controller to annually select a sampling of county superintendents of schools for which the SCO will perform a follow-up review of the audit resolution process. Results of these reviews will be reported to the Superintendent of Public Instruction (SPI) and the county superintendents of the schools that were reviewed.

Furthermore, California Education Code section 41020(n) states that the State Controller shall require auditors to categorize audit exceptions in the audit report in such a manner that both the county superintendent of schools and the SPI can discern the exceptions for which it is their responsibility to ensure that the LEAs take action to correct.

The El Dorado COE provides coordination of educational programs and professional and financial supervision for 15 LEAs under its jurisdiction. In addition, the county superintendent of schools maintains special schools and programs countywide, independent of the LEAs.

County superintendents of schools are required to do the following:

- Review, for each of their school districts, audit exceptions relating to attendance, inventory of equipment, internal control, and any miscellaneous items, and determine whether the findings have been corrected or an acceptable plan of correction has been developed (California Education Code section 41020(i)(1));
- Review audit exceptions related to the use of instructional materials program funds, teacher misassignments, and school accountability report cards. The county superintendents must also determine whether the exceptions have been corrected or an acceptable plan of correction has been developed (California Education Code section 41020(i)(2));
- Review audit exceptions related to attendance, inventory of equipment, internal control, and other miscellaneous exceptions. Attendance exceptions or issues must include those related to local control funding formula allocations pursuant to California Education Code section 42238.02, as implemented by section 42238.03, and independent study (California Education Code section 41020(j)(1));
- Notify the LEA, and request that the governing board of the LEA provide to the county superintendent of schools, a description of the correction or plan of correction by March 15 of the subsequent year (California Education Code section 41020(j)(2));

- Review the description of the correction or plan of correction and determine its adequacy and, if the LEA's response was not adequate, require the LEA to resubmit that portion of its response that is inadequate (California Education Code section 41020(j)(3));
- By May 15 of the subsequent year, certify to the SPI and the SCO that the county has reviewed all applicable exceptions, and state that all exceptions have been corrected, or that an acceptable plan for correction has been submitted by the LEA to the county superintendent, except as noted in the certification. In addition, identify by LEA any attendance-related exceptions or exceptions involving state funds, and require the LEA to submit the appropriate reporting forms to the SPI for processing (California Education Code section 41020(k));
- Review LEAs' unresolved prior-year audit exceptions when the California Department of Education defers to the county (California Education Code section 41020(l)); and
- Adjust subsequent local property tax requirements to correct audit exceptions relating to LEA tax rates and tax revenues (California Education Code section 41020(o)).

Objective, Scope, and Methodology

The objective of our review was limited to determining whether the El Dorado COE followed its audit resolution process in resolving LEA audit exceptions. Our review did not include an evaluation of the sufficiency of the actions taken by the LEA and the El Dorado COE to address each exception, nor did it assess the degree to which each exception was addressed.

The review period was FY 2015-16 and FY 2016-17.

To achieve our objective, we:

- Verified that the El Dorado COE addressed all attendance, inventory of equipment, internal control, and miscellaneous exceptions. In addition, we verified whether the El Dorado COE addressed any findings on instructional materials program funds, teacher misassignments, and school accountability report cards. However, with respect to exceptions based on sample items, our review did not include a determination of whether the exception results were properly quantified and addressed at a districtwide or countywide level;
- Verified whether the El Dorado COE notified LEAs that they must submit completed corrective action forms to the El Dorado COE by March 15, 2017, and March 15, 2018, for FY 2015-16 and FY 2016-17, respectively. Our review did not include an assessment of the LEAs' progress in taking corrective action;
- Verified whether the El Dorado COE required the LEAs to submit the appropriate reporting forms to the SPI for any attendance-related exceptions that affect state funding;

- Reviewed the letters of certification due on May 15, 2017, and May 15, 2018, that the El Dorado COE sent to the SPI and the SCO regarding any resolved and unresolved audit exceptions;
- Verified whether the El Dorado COE followed up with unresolved prior-year audit exceptions that the SPI required the El Dorado COE to conduct; and
- Verified whether the El Dorado COE adjusted subsequent local property tax requirements to correct audit exceptions related to LEA tax rates and tax revenues.

Our review was conducted under the authority of California Education Code section 41020(n).

Conclusion

Our review found that the El Dorado COE followed its audit resolution process for FY 2015-16 and FY 2016-17. As a result, the El Dorado COE was in compliance with California Education Code section 41020 for FY 2015-16 and FY 2016-17. We made no additional determination regarding the El Dorado COE's audit resolution process beyond the scope of the review outlined above.

Views of Responsible Officials

We discussed our conclusion with Roslynn Manansala-Smith, Director, El Dorado COE, at an exit conference held on October 11, 2018. Ms. Smith agreed with the conclusion, declined a draft report, and agreed that the report could be issued as final.
