

STREETS AND ROADS ANNUAL REPORT

Fiscal Year 2015-16

BETTY T. YEE
California State Controller

May 2017

BETTY T. YEE
California State Controller

May 18, 2017

To the Citizens, Governor, and Members of the Legislature of the State of California:

I am pleased to submit the 69th edition of the *Streets and Roads Annual Report*. This report offers useful information about funding for the construction and maintenance of California's vast network of streets and roads.

Highlights for the fiscal year (FY) ended June 30, 2016, include the following:

- Approximately \$7.0 billion was made available to California cities and counties for street and road purposes, a decrease of \$50 million (-1.0 percent) from FY 2015-16.
- Cities and counties reported combined street and road expenditures of \$7.0 billion, a decrease of \$29 million (-0.4 percent) from FY 2015-16.

I join with team members of the Local Government Audits Bureau of our Audits Division in extending sincere appreciation to the many local government officials who contributed to this report.

Sincerely,

Original signed by

BETTY T. YEE

Introduction

California Streets and Highways Code section 2151 requires each city and county to file an annual report of expenditures for street or road purposes with the State Controller's Office on or before October 1 of each year. Streets and Highways Code section 2154 requires the California State Controller's Office to distribute a compilation of those reports annually. The State Controller's Office prepared the financial tables presented in this report from data submitted by each city and county in its report; the data in these tables has not been audited.

Fifty-eight counties and 478 cities filed reports in compliance with Streets and Highways Code section 2151. The cities of Orange Cove, Taft, and Weed did not file their reports in time for their data to be included in this publication. The City of Rolling Hills does not receive Highway Users Tax apportionments and, therefore, does not file an annual report with the State Controller's Office. Most cities and counties use a July 1 through June 30 fiscal year. The cities of Huntington Beach and South Lake Tahoe use an October 1 through September 30 fiscal year.

The *Accounting Standards and Procedures for Counties* manual, published by the State Controller's Office pursuant to Government Code section 30200, requires counties to report on a modified accrual basis. Cities maintain their records on either a cash basis or a modified accrual basis. With respect to entities using the modified accrual basis, the term "restricted balance" used throughout this report refers to the excess of current assets over current liabilities.

Money made available to local agencies for street or road purposes is generally derived from federal, state, and local funds. Accordingly, this report lists all money made available from such sources as Highway Users Tax apportionments (gas tax revenues); district road taxes and special assessments; street, road, and bridge taxes; and proceeds from the sale of voter-approved bonds restricted exclusively for expenditures on streets and roads.

In addition, some funds expended for street and road purposes are derived from sources other than the reporting agency's treasury. Table 14 details street and road expenditures made by other governmental agencies and private parties. The expenditures presented in Table 14 are not included in the expenditure amounts of other tables in this report.

Combined City and County Summary

As shown in Figure 1, state, federal, and local funds made approximately \$7 billion available to California cities and counties for street and road purposes during fiscal year (FY) 2015-16, a decrease of \$50 million (-1%) over the prior fiscal year.

Money Made Available to Cities and Counties

Figure 2 illustrates the percentage of money made available from state (25%), federal (12%), and local (63%) sources.

Figure 2

Money Made Available to Cities and Counties by Source Fiscal Year 2015-2016

Figure 3 shows that cities received 77% and counties received 23% of total money made available for street and road purposes.

Figure 3

Money Made Available to Cities and Counties Fiscal Year 2015-2016

Figures 4 and 5 illustrate the changes in total money made available from FY 2011-12 to FY 2015-16. During this period, total funds increased by approximately \$714 million (11%), state funding decreased by \$495 million (-22%), federal funding increased by \$165 million (24%), and local funding increased by \$1.0 billion (31%). The total amount of local funds made available increased from 54% in FY 2011-12 to 63% in FY 2015-16.

Figure 5**Money Made Available by Source**

Five-Year Summary

(Amounts in thousands)

Sources of money made available to cities and counties are summarized on pages ix and xiii, respectively. Detailed statements of money made available for each city and county are presented in Tables 3, 4, 9, and 10 of this report.

City and County Expenditures

Cities and counties reported combined expenditures of \$7 billion, as shown in Figure 1. This amount represents a decrease of \$29 million (-0.4%) over FY 2014-15. Figure 6 shows that city expenditures represented 75% of the total and county expenditures represented 25%.

Figure 6
City and County Expenditures
 Fiscal Year 2015-2016

Figure 7 provides a breakdown of expenditures by classification for FY 2015-16. This figure shows that, of the total expenditures reported by cities and counties, 45% was spent for construction and rights-of-way, 43% for maintenance, 11% for administration and engineering, and 1% for other expenditures. “Construction” includes construction of streets and roads, signals, safety devices, street lights, pedestrian ways, bike paths, and storm drains, as well as street reconstruction and storm damage repair. “Maintenance” includes patching, overlay, and sealing; maintenance of street lights and traffic signals; and snow removal and storm damage repair.

Total expenditures have increased by approximately \$719 million (11%) since FY 2011-12. Maintenance expenditures increased by \$347 million (13%). Expenditures for construction increased by \$405 million (15%). Administration and other expenditures decreased by \$33 million (-5%).

Figure 7
Expenditures by Classification
 Fiscal Year 2015-2016

Figure 8 summarizes street and road expenditures by funding source. Streets and Highways Code sections 2103, 2105, and 2106 state that funds may be used for any street or road-purpose expenditures. Section 2104 restricts funds for county road use, Section 2107 restricts funds for street purposes, and Section 2107.5 restricts funds for city administration and engineering and, in special situations, for rights-of-way acquisition and street system construction. Discretionary funding sources provided by cities and counties represent 22% of total expenditures. Use of nondiscretionary expenditures is restricted, while use of discretionary expenditures is not. County contributions made by counties to cities are for nondiscretionary purposes and are reported separately from the other nondiscretionary totals (Tables 5 and 11).

Figures 14 and 20 further summarize expenditures by cities and counties, respectively. Tables 5, 6, 11, and 12 present detailed expenditure statements for each city and county in this report.

Total	\$ 5,292,899	\$ 1,720,785	\$ 7,013,684	100%

¹ Gas Tax revenues distributed under Streets and Highways Code sections 2103, 2104, 2105, 2106, 2107, and 2107.5.

² The Traffic Congestion Relief Fund was replaced by Streets and Highway Code section 2103 in FY 2010-11; therefore, any amount in FY 2015-16 would be interest earned only.

³ Funding for local streets and roads projects and facilities for use by pedestrians and bicycles or bicycle safety education programs.

⁴ Other funding sources include Assessment Fees, Bonds/Debt Service Payments, Developer Fees, Enterprise Funds, Federal Aid Urban and Federal Aid Secondary, and Traffic Impact Fees, which may be either discretionary or nondiscretionary.

Work Performed by Other Governmental Agencies and Private Parties

Figure 9 summarizes work performed by private parties (e.g., developers) and other governmental agencies on city streets or county road systems. Other governmental agencies are federal, state, county, and other (districts and cities). Table 14 details these expenditures.

Figure 9

Total	\$ 65,044	\$ 104,943	100%	(39,899)	(38)%

Snow Removal Expenditures

The state provides for limited reimbursement of snow removal costs incurred by local entities. Streets and Highways Code section 2152(c) requires cities and counties to file a schedule of expenditures for snow removal. Fifty percent of a city's expenditures in excess of \$5,000 are reimbursable from state funds. As an example, the City of Truckee's report shows actual snow removal costs of \$2,678,758. The actual amount minus \$5,000 equals \$2,673,758; 50% of \$2,673,758 totals \$1,336,879. Cities with less than \$5,000 in snow removal expenditures do not receive reimbursements. The maximum reimbursement amount does not apply for city expenditures. Counties may claim 80% of their expenditures in excess of \$5,000. However, if the total of all county claims submitted exceeds \$7 million, the amount paid to each county is prorated using a formula based on the claimed amounts submitted by all counties in the preceding three years.

Figure 10 shows the reimbursement amounts payable to those cities and counties reporting snow removal expenditures. Actual snow removal expenditures totaled \$23,619,606 for FY 2015-16. City snow removal expenditures accounted for \$6.8 million, while county snow removal expenditures accounted for \$16.8 million. The details for snow removal expenditures reported by cities and counties are listed under “Maintenance” in Table 5 and Table 11, respectively.

City Summary

A total of \$5.3 billion was distributed to California cities for street purposes during FY 2015-16, an increase of approximately \$131 million (3%) over the prior fiscal year.

Money Made Available to Cities

Figures 11 and 12 present a summary of money made available by source. Details for each city are presented in Tables 3 and 4. Figure 13 illustrates the changes in money made available from FY 2011-12 to FY 2015-16. During this period, total money made available increased by approximately \$801 million (18%).

Total Made Available	\$ 5,348,776	\$ 5,217,925	100%	\$130,851	3%

¹ Beginning with FY 2010-11, funds are allocated to cities and counties from a new motor vehicle fuel excise tax, per Streets and Highways Code section 2103.

² The Traffic Congestion Relief Fund was replaced by Streets and Highway Code section 2103 in FY 2010-11; therefore, any amount in FY 2015-16 would be interest earned only.

³ Funding for local streets and roads projects and facilities for use by pedestrians and bicycles or bicycle safety education programs.

Money made available for city street purposes came from state, federal, and local sources. The majority of state funding came from money allocated from the Highway Users Tax Fund. Most of the local revenue came from local general fund money.

Figure 12

Money Made Available to Cities by Source
Fiscal Year 2015-2016

During the past five years, the percentage of local sources of money made available for city street purposes has varied from 64% to 71% of the total. The percentage of state sources has varied from 17% to 27%.

City Expenditures

Expenditures related to constructing or maintaining city streets during FY 2015-16 totaled \$5.2 billion, an increase of approximately \$139 million (3%) over FY 2014-15.

Figures 14 and 15 present a summary of street-purpose expenditures by classification. Tables 5 and 6 provide details for each city. Figure 16 illustrates the period from FY 2011-12 to FY 2015-16. During this period, total expenditures increased by approximately \$728 million (16%).

(Amounts in thousands)

County Summary

During FY 2015-16, California counties received a total of \$1.6 billion for road purposes, a decrease of \$181 million (-10%) from FY 2014-15.

Money Made Available to Counties

The amount reported in Figure 17 represents deposits into the various county road-purpose funds. Figures 18 and 19 present money made available to California counties by source.

¹ Funding for local streets and roads projects and facilities for use by pedestrians and bicycles or bicycle safety education programs.

Money made available for county road purposes came from state, federal, and local sources, with state funding being the major source. Allocations from the Highway Users Tax provided most of the state funding.

Figure 18

Money Made Available to Counties by Source

Fiscal Year 2015-2016

During the past five years, the percentage of state money made available for county road purposes has varied from 51% to 61% of the total. The percentage of local money sources has varied from 25% to 36%.

Figure 19

Money Made Available to Counties by Source

Five-Year Summary

(Amounts in thousands)

County Expenditures

Expenditures for county roads for FY 2015-16 totaled \$1.7 billion, a decrease of \$168 million (-9%) over the prior year. Figures 20 and 21 present a summary of road-purpose expenditures by classification. Details for each county are provided in Tables 11 and 12. Figure 22 illustrates the changes in expenditures from FY 2011-12 to FY 2015-16. During this period, total expenditures decreased by approximately \$9 million (-1%).
