Assistance with 2024-25 Property Taxes

The State Controller's Office's (SCO) Property Tax Postponement (PTP) Program allows homeowners who are seniors – or who are blind or have a disability – to apply to defer payment of property taxes on their principal residence. The applicant must own the home, occupy it as their primary residence, and meet several other requirements.

Applications may be filed with SCO beginning October 1.

Here are simple ways you can help homeowners find out if they are eligible for assistance through the PTP Program:
