Dear Member Name,

We have approved your **Retirement System Election (ES 372)** to be placed in the defined benefit plan with the California State Teachers' Retirement System (CalSTRS). Your effective date with CalSTRS will match your State CalPERS enrollment eligibility date of Effective Date.

We directed your employer, Employer Name, to update your membership information with the State Controller's Office (SCO) to reflect CalSTRS membership. Once your employer processes this update, SCO will reverse your member contributions, Social Security, and Medicare deductions and report them to CalSTRS. You may receive a refund of Social Security deductions.

For a status update regarding the correction of your employment being reported to CalSTRS, contact your employer directly for information.

We are here to assist you. If you have any questions, visit our website at www.calpers.ca.gov, or call us toll free at **888 CalPERS (888-225-7377)**.

Sincerely,

Member Elections Team
Employer Account Management Division
